1. INTRODUCTION

This Prospectus contains information about Kaminiora that a prospective investor should consider before investing in the Fund and should be retained for future reference.

The Fund is a public limited company (*société anonyme*) incorporated on 5 July 2016 under the laws of the Grand Duchy of Luxembourg as an investment company with variable share capital (*société d'investissement à capital variable*). The Fund is subject to Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as amended or supplemented from time to time.

The Fund has been authorised by the *Commission de Surveillance du Secteur Financier* (CSSF) which is the Luxembourg supervisory authority of the financial market. However, such authorisation does not require the CSSF to approve or disapprove either the adequacy or accuracy of this Prospectus or the portfolio of assets held by the Fund. Any declaration to the contrary should be considered as unauthorised and illegal.

The Fund is a single legal entity incorporated as an umbrella fund comprised of separate Sub-Funds. Shares in the Fund are shares in a specific Sub-Fund. The Fund may issue Shares of different Share Classes in each Sub-Fund. Such Share Classes may each have specific characteristics. Certain Share Classes may be reserved to certain categories of investors. Investors should refer to the Supplement for further information on characteristics of Share Classes.

The Fund is registered with the Luxembourg Trade and Companies Register under number B207492. The latest version of the Articles of Association was published in the *Mémorial C, Recueil des Sociétés et Associations* of the Grand-Duchy of Luxembourg on 14 July 2016.

Neither delivery of the Prospectus nor anything stated herein should be taken to imply that any information contained herein is correct as of any time subsequent to the date hereof. The Prospectus does not constitute an offer to sell or a solicitation of an offer to buy any Shares in any jurisdiction in which such offer, solicitation or sale would be unlawful or to any person to whom it is unlawful to make such offer, solicitation or sale.

The information contained in this Prospectus is supplemented by the financial statements and further information contained in the latest Annual Report and Semi-Annual Report of the Fund, copies of which may be requested free of charge at the registered office of the Fund.

No distributor, agent, salesman or other person has been authorised to give any information or to make any representation other than those contained in the Prospectus and in the documents referred to herein in connection with the offer of Shares and, if given or made, such information or representation must not be relied upon as having been authorised.

The Board of Directors has taken all reasonable care to ensure that the facts stated herein are true and accurate in all material respects and that there are no material facts the omission of which would make misleading any statement herein, whether of fact or opinion. The Board of Directors accepts responsibility accordingly.

The distribution of the Prospectus and/or the offer and sale of the Shares in certain jurisdictions or to certain investors may be restricted or prohibited by law. No Shares may be acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. In particular, the Board of Directors has decided that US Persons would be considered as Prohibited Persons.

The Fund must comply with applicable international and Luxembourg laws and regulations regarding the prevention of money laundering and terrorist financing. In particular, anti- money laundering measures in force in the Grand Duchy of Luxembourg require the Fund or its agent to establish and verify the identity of subscribers for Shares (as well as the identity of any intended beneficial owners of the Shares if they are not the subscribers) and the origin of subscription proceeds and to monitor the relationship on an ongoing basis. Failure to provide information or documentation may result in delays in, or rejection of, any subscription or conversion application and/or delays in any redemption application.

An investment in the Shares is only suitable for investors who have sufficient knowledge, experience and/or access to professional advisers to make their own financial, legal, tax and accounting evaluation of the risks of an investment in the Shares and who have sufficient resources to be able to bear any losses that may result from an investment in the Shares. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser as to possible tax financial, legal, tax and accounting which they might encounter under the laws of the countries of their citizenship, residence, or domicile and which might be relevant to the subscription, purchase, holding, redemption, conversion or disposal of the Shares of the Fund.

THE VALUE OF THE SHARES MAY FALL AS WELL AS RISE AND AN INVESTOR MAY NOT GET BACK THE AMOUNT INITIALLY INVESTED. INVESTING IN THE FUND INVOLVES RISK INCLUDING THE POSSIBLE LOSS OF CAPITAL.

3. DEFINITIONS

1915 Law	the Luxembourg law of 10 August 1915 on commercial companies, as may be amended from time to time.
1993 Law	the law of 5 April 1993 on the financial sector, as may be amended from time to time.
2004 Law	the Luxembourg law of 12 November 2004 on the fight against money laundering and terrorist financing, as may be amended from time to time.
2010 Law	the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as may be amended from time to time.
Administration Agency Agreement	the agreement entered into between the Fund, the Management Company and the Administrator governing the appointment of the Administrator, as may be amended or supplemented from time to time.
Administrator	the central administrative, registrar and transfer agent appointed by the Management Company in accordance with the provisions of the 2010 Law and the Administration Agency Agreement, as identified in the Directory.
Ancillary Liquid Assets	bank deposits at sight, such as cash held in current accounts with a bank accessible at any time, in order to cover current or exceptional payments, or for any time necessary to reinvest in eligible assets provided under article 41(1) of the 2010 Act or for a period of time strictly necessary in case of unfavorable market conditions.
Anti-Dilution Levy	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Anti-Dilution Threshold	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Annual Report	the report issued by the Fund as of the end of the latest financial year in accordance with the 2010 Law.
Articles of Association	the articles of association of the Fund, as may be amended from time to time.
Board of Directors	the board of directors of the Fund.
Business Day	any day on which banks are open the whole day in Luxembourg and in such other countries or cities as may be specified for a Sub-Fund or Share Class in a Supplement.
Capitalisation Shares	Shares with respect to which the Fund does not intend to distribute dividends.

Controlling Person	the natural persons who exercise control over an entity. In the case of a trust, the settlor(s), the trustee(s), the protector(s) (if any), the beneficiary(ies) or class(es) of beneficiaries, and any other natural person(s) exercising ultimate effective control over the trust, and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions. The term "Controlling Persons" must be interpreted in a manner consistent with the Financial Action Task Force Recommendations.
Conversion Day	<p>the day or days on which Original Shares may be converted into New Shares, being a day which is a Redemption Day for the Original Shares and a Subscription Day for the New Shares.</p> <p>If the settlement period in the New Shares is shorter than that of the Original Shares and/or if the Original and New Shares are subject to different Dealing Days and/or Dealing Cut-Off Times, or different day or time of the Net Asset Value per Share availability; or if the Original and New Shares are subject to different fund holidays or different currency holidays during the settlement cycle, the following rules will apply:</p> <p>(A) the subscription may be further deferred to a later Dealing Day so that the settlement date for the subscription and the redemption will always match, and ;</p> <p>(B) the same Cut-Off Time for the subscription and the redemption will be used so that the settlement date for the subscription and the redemption will always match.</p>
Conversion Fee	a fee which the Fund may charge upon conversion of Shares as specified in the Supplement, where applicable.
Conversion Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Administrator or its agent, with the supporting documentation, in order to request the conversion of all or part of his Shares.
CSSF	the <i>Commission de Surveillance du Secteur Financier</i> , the Luxembourg supervisory authority of the financial sector.
Depository	the depository appointed by the Fund in accordance with the provisions of the 2010 Law and the Depository Bank and Principal Paying Agent Agreement, as identified in the Directory.
Depository Bank and Principal Paying Agent Agreement	the agreement entered into between the Fund and the Depository governing the appointment of the Depository and Principal Paying Agent, as may be amended or supplemented from time to time.
Cut-Off Time	for any Subscription Day, Redemption Day or Conversion Day, the day and time by which an application for subscription, redemption or conversion, as applicable, must in principle be received by the Administrator in order for the application to be processed, if accepted, by reference to the Net Asset Value per Share calculated as of that Subscription Day, Redemption Day or Conversion Day, as applicable. The Cut-Off Time is specified for each Sub-Fund or Share Class in the Supplement.

Directive 2005/60/EC	Directive 2005/60/EC of the European Parliament and of the Council of 26 October 2005 on the prevention of the use of the financial system for the purpose of money laundering and terrorist financing as may be amended from time to time,
Directive 2006/48/EC	Directive 2006/48/EC of the European Parliament and of the Council of 14 June 2006 relating to the taking up and pursuit of the business of credit institutions (recast), as may be amended from time to time.
Directive 2013/34/EU	Directive 2013/34/EU of the European Parliament and of the Council of 26 June 2013 on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings, amending Directive 2006/43/EC of the European Parliament and of the Council and repealing Council Directives 78/660/EEC and 83/349/EEC, as may be amended from time to time.
Distribution Shares	Shares with respect to which the Fund intends to distribute dividends and which confer on their holder the right to receive such dividends, if and when declared by the Fund.
Distributors	intermediaries appointed by the Fund to distribute the Shares.
Eligible Investor	an investor who satisfies all eligibility requirements for a specific Sub-Fund or Share Class, as specified for the Sub-Fund or Share Class in the Supplement.
ESMA	the European Securities and Markets Authority.
EU	the European Union.
EU Member State	a member state of the European Union.
EUR	the lawful currency of the Member States of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union.
FATCA	the provisions of the United States Hiring Incentives to Restore Employment (HIRE) Act of 18 March 2010 commonly referred to as the Foreign Account Tax Compliance Act (FATCA).
Feeder Fund	as the context indicates, a Sub-Fund or another UCITS or sub-fund thereof qualifying as a feeder fund in the meaning of the 2010 Law.
Fund	Kaminiora
Initial Offer	the first day or period on or during which Shares of a Share Class will be or were available for subscription.
Initial Offer Price	the price at which Shares may be subscribed for on or during the Initial Offer.

Institutional Investor	an institutional investor as defined by the administrative practice of the CSSF.
Investment Fund(s)	a UCITS or other UCI in which the Sub-Funds may invest, as specified in the Supplement, where applicable.
Investment Management Fee	the fee payable by the Fund to the Management Company for the investment management function, as described in section 9.3 of this Prospectus.
Management Company	the management company appointed by the Fund in accordance with the provisions of the 2010 Law and the Management Company Services Agreement, as identified in the Directory.
Management Company Services Agreement	the agreement entered into between the Fund and the Management Company governing the appointment of the Management Company, as may be amended or supplemented from time to time.
Management Fee	the fee payable by the Fund to the Management Company under the Management Company Services Agreement, as described in section 9.2 (Management and Domiciliary Fee) of this Prospectus.
Master Fund	as the context indicates, a Sub-Fund or another UCITS or sub-fund thereof qualifying as a master fund in the meaning of the 2010 Law.
MiFID	Directive 2004/39/EC of the European Parliament and of the Council of 21 April 2004 on markets in financial instruments, as may be amended from time to time.
Money Market Instrument	instruments normally dealt in on the money market which are liquid and have a value which can be accurately determined at any time within the meaning of the Grand-Ducal Regulation of 08 February 2008 relating to certain definitions of the law of 20 December 2002 as amended concerning undertakings of collective investment and implementing the Directive 2007/16/EC of the European Commission implementing Council Directive 85/611/EEC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS) as regards the clarification of certain definitions.
Net Asset Value (or NAV)	as the context indicates, the net asset value of the Fund, a Sub-Fund, or a Share Class determined in accordance with the provisions of this Prospectus.
Net Asset Value per Share	the Net Asset Value of a Share Class in a Sub-Fund divided by the total number of Shares of that Share Class which are in issue as of the Valuation Day for which the Net Asset Value per Share is calculated.
New Shares	Shares described in section 7.6 (Conversion of Shares) of this Prospectus.
OECD	the Organisation for Economic Cooperation and Development.
Original Shares	Shares described in section 7.6 (Conversion of Shares) of this Prospectus.

Other Regulated Market	market which is regulated, operates regularly and is recognized and open to the public, namely a market (i) that meets the following cumulative criteria: liquidity; multilateral order matching (general matching of bid and ask prices in order to establish a single price); transparency (the circulation of complete information in order to give clients the possibility of tracking trades, thereby ensuring that their orders are executed on current conditions); (ii) on which the securities are dealt in at a certain fixed frequency, (iii) which is recognized by a State or by a public authority which has been delegated by that State or by another entity which is recognized by that State or by that public authority such as a professional association and (iv) on which the securities dealt are accessible to the public.
Performance Fee	the fee paid by out of Sub-Fund's assets on the basis of the increase in net asset value of the relevant Sub-Fund.
Prohibited Person	any person considered as a Prohibited Person in the opinion of the Board of Directors according to the criteria set out in the Articles of Association and section 7.10 (Prohibited Persons) of the Prospectus.
Prospectus	this prospectus including all Supplements, as may be amended from time to time.
Redemption Day	a Valuation Day on which Shares may be redeemed by the Fund at a Redemption Price determined by reference to the Net Asset Value per Share calculated on that Valuation Day. Redemption Days are specified for each Sub-Fund or Share Class in the Supplement.
Redemption Fee	a fee which the Fund may charge upon redemption of Shares, as specified in the Supplement, where applicable.
Redemption Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Administrator or its agent, with the supporting documentation, in order to request the redemption of all or part of his Shares.
Redemption Price	the price at which the Fund may redeem Shares on a Redemption Day, as determined for each Sub-Fund or Share Class on the basis of the Net Asset Value per Share on that Redemption Day and in accordance with the provisions of this Prospectus.
Redemption Settlement Period	the period of time, as specified for each Sub-Fund or Share Class in the Supplement, by the end of which the Fund will normally pay the Redemption Price (less any Redemption Fee) to redeeming investors, subject to the further provisions of this Prospectus.

Reference Currency	as the context indicates, (i) in relation to the Fund, the Euro, or (ii) in relation to a Sub-Fund, the currency in which the assets and liabilities of the Sub-Fund are valued and reported, as specified in each Supplement, or (iii) in relation to a Sub-Fund or Share Class, the currency in which the Shares of that Sub-Fund or Share Class are denominated, as specified in each Supplement.
Regulated Market	a regulated market within the meaning of MiFID.
Semi-Annual Report	the report issued by the Fund as of the first half of the current financial year in accordance with the 2010 Law.
SFDR	means Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November
Share Class	a class of Shares of a Sub-Fund created by the Board of Directors, as described in section 7.1 (Shares, Sub-Funds and Share Classes) of this Prospectus. For the purposes of this Prospectus, each Sub-Fund shall be deemed to comprise at least one Share Class.
Shares	shares of a Sub-Fund or Share Class issued by the Fund.
Sub-Fund	a sub-fund of the Fund, as described in section 7.1 (Shares, Sub-Funds and Share Classes) of this Prospectus.
Subscription Day	a Valuation Day on which investors may subscribe for Shares at a Subscription Price determined by reference to the Net Asset Value per Share calculated on that Valuation Day. Subscription Days are specified for each Sub-Fund or Share Class in the Supplement.
Subscription Fee	a fee which the Fund may charge upon subscription for Shares, as specified in the Supplement, where applicable.
Subscription Form	the forms and other documents, as issued or accepted by the Fund from time to time, which the Fund requires the investor or the person acting on behalf of the investor to complete, sign, and return to the Administrator or its agent, with the supporting documentation, in order to make an initial and/or additional application for subscription to Shares.
Subscription Price	the price at which investors may subscribe for Shares on a Subscription Day, as determined for each Sub-Fund or Share Class on the basis of the Net Asset Value per Share on that Subscription Day and in accordance with the provisions of this Prospectus.
Subscription	the period of time by the end of which the subscriber is required to
Settlement Period	pay the Subscription Price (plus any Subscription Fee) to the Fund. The Subscription Settlement Period is specified for each Sub-Fund or Share Class in the Supplement.
Supplement	the supplement(s) to this Prospectus for each specific Sub-Fund, which form part of this Prospectus.

Swing Factor	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Swing Threshold	is defined in section 8.2 (Valuation procedure) of this Prospectus.
Target Sub-Fund	a Sub-Fund into which another Sub-Fund has invested in accordance with the provisions of this Prospectus.
Transferable Security	Transferable security within the meaning of the Grand-Ducal Regulation of 08 February 2008 relating to certain definitions of the law of 20 December 2002 as amended concerning undertakings of collective investment and implementing the Directive 2007/16/EC of the European Commission implementing Council Directive 85/611/EEC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS) as regards the clarification of certain definitions, including, but not limited to, shares in companies and other securities equivalent to shares in companies, bonds and other forms of securitised debt, and any other negotiable securities which carry the right to acquire any such transferable securities by subscription or exchange.
UCI	undertaking for collective investment within the meaning of Article 1(2)(a) and (b) of the UCITS Directive, being an open-ended undertaking with the sole object of collective investment of capital raised from the public, in accordance with the principle of risk-spreading, in transferable securities and other liquid financial assets.
UCITS	undertaking for collective investment in transferable securities
UCITS Directive	Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS) (recast), as may be amended from time to time.
US	United States of America

US Person or United States Person unless otherwise specified in this Prospectus, a person described in one or more of the following paragraphs:

- (i) a natural person who is a resident of the United States or a US citizen regardless of his/her residency; (ii) a corporation, partnership or other entity, other than an entity organised principally for passive investment, incorporated or organised under the laws of the United States; (iii) an estate or trust, the income of which is subject to United States income tax regardless of the source; (iv) a pension plan for the employees, officers or principals of an entity organised and with its principal place of business in the United States; (v) an entity organised principally for passive investment such as a pool, investment company or other similar entity; provided, that units of participation in the entity held by persons who qualify as U.S. persons or otherwise as qualified eligible persons represent in the aggregate 10% or more of the beneficial interests in the entity, and that such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the US Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. Persons; (vi) any other "US Person" as such term may be defined in Regulation S under the US Securities Act of 1933, as amended, or in regulations adopted under the US Commodity Exchange Act of 1922, as amended; or
(vii) a "Specified US Person" or "US-Owned Foreign Entity" as defined in Sections 1473(3) and 1471(d)(2) of the United States Internal Revenue Code, as amended.

"United States Persons" or "US Persons" shall be construed accordingly. For the purposes of further clarity, the term US Person shall not include any person whose application has been approved by the Board of Directors in its sole discretion.

Valuation Day a valuation day is any Business Day, unless otherwise specifically specified in the Supplement.

4. INVESTMENT STRATEGY AND RESTRICTIONS

Each Sub-Fund has a specific investment objective and policy described in its Supplement. The investments of each Sub-Fund must comply with the provisions of the 2010 Law. The investment restrictions and policies set out in this section apply to all Sub-Funds, without prejudice to any specific rules adopted for a Sub-Fund, as described in its Supplement where applicable. The Board of Directors may impose additional investment guidelines for each Sub-Fund from time to time, for instance where it is necessary to comply with local laws and regulations in countries where Shares are distributed. Each Sub-Fund should be regarded as a separate UCITS for the purposes of this section.

4.1 Authorised investments

4.1.1 The investments of each Sub-Fund must comprise only one or more of the following.

- (A) Transferable Securities and Money Market Instruments admitted to or dealt in on a Regulated Market.
- (B) Transferable Securities and Money Market Instruments dealt in on an Other Regulated Market
- (C) Transferable Securities and Money Market Instruments admitted to the official listing on a stock exchange in a Non-Member State or dealt in on an Other Regulated Market in a Non-Member State.
- (D) Recently issued Transferable Securities and Money Market Instruments, provided that the terms of issue include an undertaking that application will be made for admission to official listing on a stock exchange or dealing on a Regulated Market or another regulated market referred to in paragraphs (A) to (C) of this section, and that such admission is secured within one year of issue.
- (E) Units of UCITS or other UCI, whether or not established in a Member State, provided that the following conditions are satisfied:
 - (1) such other UCI are authorised under laws which provide that they are subject to supervision considered by the CSSF to be equivalent to that laid down in EU law, and that cooperation between authorities is sufficiently ensured;
 - (2) the level of protection for unitholders in such other UCI is equivalent to that provided for unitholders in a UCITS, and in particular that the rules on asset segregation, borrowing, lending, and uncovered sales of Transferable Securities and Money Market Instruments are equivalent to the requirements of the UCITS Directive;
 - (3) the business of the other UCI is reported in semi-annual and annual reports to enable an assessment of the assets and liabilities, income and operations over the reporting period; and
 - (4) no more than 10% of the assets of the UCITS or the other UCI whose acquisition is contemplated can, according to their constitutive documents, be invested in aggregate in units of other UCITS or other UCI.

- (F) Deposits with credit institution which has its registered office in a Member State or a credit institution located in a third-country which is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law, which are repayable on demand or have the right to be withdrawn and maturing in no more than twelve months.
- (G) Financial derivative instruments, including equivalent cash-settled instruments, listed on a stock exchange or dealt in on a Regulated Market or an Other Regulated Market referred to in paragraphs (A) to (C) of this section, or financial derivative instruments dealt in over-the-counter (OTC) provided that:
- (1) the underlying consists of assets covered by this section 4.1.1 including instruments with one or more characteristics of those assets, and/or financial indices, interest rates, foreign exchange rates or currencies, in which a Sub-Fund may invest according to its investment objective;
 - (2) the counterparties to OTC derivative transactions are institutions subject to prudential supervision, and belonging to the categories approved by the CSSF; and
 - (3) the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the initiative of the Fund.
- (H) Money Market Instruments other than those dealt in on a Regulated Market or dealt in on an Other Regulated Market provided that the issuer or the issuer of such instruments is itself regulated for the purpose of protecting investors and savings, and that such instruments are:
- (1) issued or guaranteed by a central, regional or local authority or by a central bank of a Member State, the European Central Bank, the European Union or the European Investment Bank, a non-Member State or, in case of a federal State, by one of the members making up the federation, or by a public international body to which one or more Member States belong;
 - (2) issued by an undertaking any securities of which are listed on a stock exchange or dealt in on a Regulated Market or an Other Regulated Market referred to in paragraphs (A) to (C) of this section;
 - (3) issued or guaranteed by an establishment subject to prudential supervision, in accordance with criteria defined by EU law, or by an establishment which is subject to and complies with prudential rules considered by the CSSF to be at least as stringent as those laid down by EU law; or
 - (4) issued by other bodies provided that investments in such instruments are subject to investor protection equivalent to that set out in paragraphs (H)(1) to (H)(3) of this section and provided that the issuer is a company whose capital and reserves amount to at least EUR 10,000,000 and which presents and publishes its annual accounts in accordance with Directive 2013/34/EU, is an entity which, within a group of companies which includes one or several listed companies, is dedicated to the financing of the group or is an entity which is dedicated

to the financing of securitisation vehicles which benefit from a banking liquidity line.

- 4.1.2** Each Sub-Fund may invest up to 10% of its net assets in Transferable Securities and Money Market Instruments other than those identified in paragraphs (A) to (D) and (H) of this section.
- 4.1.3** Each Sub-Fund may hold Ancillary Liquid Assets to cover current or exceptional payments, or for the time necessary to reinvest in eligible assets provided under article 4.1.1 above or for a period of time strictly necessary in case of unfavorable market conditions. The holding of such Ancillary Liquid Assets is limited to 20% of the net assets of a UCITS. The above mentioned 20% limit shall only be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavorable market conditions, circumstances so require and where such breach is justified having regard to the interests of the investors.
- 4.1.4** Each Sub-Fund may borrow up to 10% of its net assets on a temporary basis. Collateral arrangements to cover exposure to financial derivative instruments are not considered borrowings for the purposes of this restriction. Each Sub-Fund may also acquire foreign currency by means of a back-to-back loan.
- 4.1.5** The Fund may acquire movable and immovable property which is essential for the direct pursuit of its business. Each Sub-Fund may borrow up to 10% of its net assets for this purpose. However, the total amount of borrowing for this purpose and any borrowing on a temporary basis permitted by section 4.1.4 above may not exceed 15% of the net assets of the Sub-Fund.
- 4.1.6** Each Sub-Fund may invest into shares issued by other Sub-Funds of the Fund (called Target Sub-Funds) provided that, during the period of investment:
- (A) the Target Sub-Fund does not, in turn, invest in the investing Sub-Fund and no more than 10% of the net assets of the Target Sub-Fund may be invested in other Sub-Funds;
 - (B) the voting rights attached to such Shares of the Target Sub-Fund are suspended; and
 - (C) the value of such Shares of the Target Sub-Fund will not be taken into consideration for the calculation of the Net Asset Value of the Fund for the purposes of verifying the minimum threshold of net assets imposed by the 2010 Law.

4.2 Prohibited investments

- 4.2.1** The Sub-Funds may not acquire commodities or precious metals or certificates representing them or hold any option, right or interest therein. Investments in debt instruments linked to, or backed by the performance of, commodities or precious metals do not fall under this restriction.
- 4.2.2** Except as set out in section 4.1.5, the Sub-Funds may not invest in real estate or hold any option, right or interest in real estate. Investments in debt instruments linked to or backed by the performance of real estate or interests therein, or shares or debt instruments issued by companies which invest in real estate or interests therein, are not affected by this restriction.

4.2.3 The Sub-Funds may not grant loans or guarantees in favour of a third party. Such restriction will not prevent any Sub-Fund from investing in Transferable Securities, Money Market Instruments, units of UCITS or other UCI or financial derivative instruments referenced in section 4.1.1 which are not fully paid-up. Furthermore, such restriction will not prevent any Sub-Fund from entering into repurchase, reverse repurchase or securities lending transactions as described in section 4.6 (Efficient portfolio management techniques) below.

4.2.4 The Sub-Funds may not enter into uncovered sales of Transferable Securities, Money Market Instruments, units of UCITS or other UCI or financial derivative instruments referenced in section 4.1.1.

4.3 Risk diversification limits

4.3.1 If an issuer or body is a legal entity with multiple sub-funds or compartments where the assets of each sub-fund or compartment are exclusively reserved to the investors of that sub-fund or compartment and to those creditors whose claim has arisen in connection with the creation, operation and liquidation of that sub-fund or compartment, each sub-fund or compartment is to be considered as a separate issuer or body for the purpose of the application of the risk diversification rules.

Transferable Securities and Money Market Instruments

4.3.2 No Sub-Fund may purchase additional Transferable Securities or Money Market Instruments of any single issuer if, upon such purchase:

- (A) more than 10% of its net assets would consist of Transferable Securities or Money Market Instruments of such issuer; or
- (B) the total value of all Transferable Securities and Money Market Instruments of issuers in which it invests more than 5% of its net assets would exceed 40% of its net assets.

4.3.3 The limit of 10% set out in section 4.3.2, paragraph (A) is increased to 25% in respect of qualifying debt securities issued by a credit institution which has its registered office in a Member State and which, under applicable law, is submitted to specific public control in order to protect the holders of such qualifying debt securities. In particular, the proceeds from the issue of such type of instruments must be invested, in accordance with applicable law, in assets which are capable of covering claims attached to such bonds until their maturity and which, in case of bankruptcy of the issuer, would be used on a priority basis for the repayment of principal and payment of accrued interest. To the extent a Sub-Fund invests more than 5% of its net assets in such covered instruments; the total value of such investments may not exceed 80% of its net assets. These instruments are not included in the calculation of the limit of 40% set out in section 4.3.2, paragraph (B).

4.3.4 The limit of 10% set out in section 4.3.2, paragraph (A) is increased to 35% in respect of Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by its local authorities, by any non-Member State or by a public international body of which one or more Member States are members. Such securities are not included in the calculation of the limit of 40% set out in section 4.3.2, paragraph (B).

4.3.5 Notwithstanding the limits set out above, each Sub-Fund is authorised to invest, in accordance with the principle of risk spreading, up to 100% of its net assets in Transferable Securities and Money Market Instruments issued or guaranteed by a Member State, by one of its local authorities, by a member State of the OECD or the Group of Twenty (G20), by the Republic of Singapore or Hong-Kong or by a public international body of which one or more Member States are members, provided that the Sub-Fund holds in its portfolio securities from at least six different issues and that securities from any issue do not account for more than 30% of the net assets of the Sub-Fund.

Financial derivative instruments and efficient portfolio management techniques

4.3.6 The counterparty risk exposure arising from OTC derivative transactions and efficient portfolio management techniques (as described below) undertaken with a single body for the benefit of a Sub-Fund may not exceed 10% of the net assets of the Sub-Fund where the counterparty is credit institution which has its registered office in a Member State or a credit institution located in a third-country which is subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law, or 5% of its net assets in other cases.

Bank deposits

4.3.7 Each Sub-Fund may invest up to 20% of its net assets in deposits made with a single body.

Combined limits

4.3.8 Notwithstanding the individual limits set out in sections 4.3.2, 4.3.6 and 4.3.7, a Sub-Fund may not combine, where this would lead to an exposure of more than 20% of its net assets to a single body:

- (A) investments in Transferable Securities or Money Market Instruments issued by that body;
- (B) bank deposits made with that body; and
- (C) counterparty exposure arising from OTC financial derivative instruments and efficient portfolio management techniques (as described below) undertaken with that body.

4.3.9 The limits set out in sections 4.3.2 to 4.3.8 (with the exception of section 4.3.5) may not be combined: investments in Transferable Securities or Money Market Instruments, bank deposits, counterparty exposure arising from OTC financial derivative instruments and efficient portfolio management techniques, issued by or undertaken with, a single issuer or body, each in accordance with the limits set out in sections 4.3.2 to 4.3.8 (with the exception of section 4.3.5) may not exceed a total of 35% of the net assets of the Sub-Fund.

4.3.10 For the purposes of the combined limits set out in sections 4.3.8 and 4.3.9, issuers or bodies that are part of the same group of companies are considered as a single issuer or body. A group of companies comprises all companies which are included in the same group for the purposes of consolidated accounts, as defined in accordance with Directive 2013/34/EU or in accordance with recognised international accounting rules.

Index-replicating Sub-Funds

4.3.11 Without prejudice to the limits laid down in section 4.4 (**Control limits**) below, the limits set out in section 4.3.2 are raised to 20% for investments in Transferable Securities or Money Market Instruments issued by a single issuer where the investment objective of the Sub-Fund is to replicate the composition of a certain financial index of stock or debt securities which is recognised by the CSSF.

4.3.12 The limit of 20% set out in the preceding section is raised to 35% where that proves to be justified by exceptional market conditions, in particular in regulated markets where certain Transferable Securities or Money Market Instruments are highly dominant, provided that any investment up to this 35% limit is only permitted for a single issuer.

4.3.13 A financial index is an index which complies, at all times, with the following conditions: the composition of the index is diversified in accordance with the limits set out in sections 4.3.11 and 4.3.12, the index represents an adequate benchmark for the market to which it refers, and the index is published in an appropriate manner. These conditions are further specified in and supplemented by regulations and guidance issued by the CSSF from time to time.

Shares or units of UCITS or other UCI

4.3.14 If a Sub-Fund is permitted to invest in aggregate more than 10% of its net assets in units of UCITS or other UCI, as specified in its Supplement:

- (A) investments made in units of a single other UCITS or other UCI may not exceed 20% of the net assets of the Sub-Fund; and
- (B) investments made in units of other UCI may not, in aggregate, exceed 30% of the net assets of the Sub-Fund.

4.3.15 The underlying assets of the UCITS or other UCI into which a Sub-Fund invests do not have to be combined with any other direct or indirect investment of the Sub-Fund into such assets for the purposes of the limits set out in section 4.3 (Risk diversification limits) above.

4.3.16 If a Sub-Fund invests in units of UCITS or other UCI that are managed, directly or by delegation, by the Management Company or by any other company which is linked to the Management Company by common management or control, or by a substantial direct or indirect holding, the Management Company or other company may not charge subscription or redemption fees on account of the Sub-Fund's investment in the units of such UCITS and/or other UCI.

4.3.17 If a Sub-Fund invests a substantial proportion of its assets in UCITS or other UCI, the Supplement will disclose the maximum level of the management fees that may be charged both to the Sub-Fund itself and to the UCITS or other UCI in which it intends to invest. The Fund will disclose in the Annual Report the maximum proportion of management fees charged to both the Sub-Fund itself and the UCITS or other UCI in which the Sub-Fund invests.

Derogation

4.3.18 During the first six (6) months following its launch, a new Sub-Fund may derogate from the limits set out in this section 4.3 (Risk diversification limits) above, provided that the principle of risk-spreading is complied with.

4.4 Control limits

4.4.1 The Fund may not acquire such amount of shares carrying voting rights which would enable the Fund to exercise legal or management control or to exercise a significant influence over the management of the issuer.

4.4.2 The Fund may acquire no more than 10% of the outstanding non-voting shares of the same issuer.

4.4.3 The Fund may acquire no more than:

- (A) 10% of the outstanding debt securities of the same issuer;
- (B) 10% of the Money Market Instruments of any single issuer; or
- (C) 25% of the outstanding units of the same UCITS or other UCI.

4.4.4 The limits set out in section 4.4.3 may be disregarded at the time of acquisition if at that time the gross amount of the debt securities or Money Market Instruments or the net amount of the instruments in issue cannot be calculated.

4.4.5 The limits set out in sections 4.4.1 to 4.4.3 do not apply in respect of:

- (A) Transferable Securities and Money Market Instruments issued or guaranteed by a Member State or by its local authorities;
- (B) Transferable Securities and Money Market Instruments issued or guaranteed by any non-Member State;
- (C) Transferable Securities and Money Market Instruments issued by a public international body of which one or more Member States are members;
- (D) shares in the capital of a company which is incorporated under or organised pursuant to the laws of a non-Member State provided that (i) such company invests its assets principally in securities issued by issuers having their registered office in that State, (ii) pursuant to the laws of that State a participation by the relevant Sub-Fund in the equity of such company constitutes the only possible way to purchase securities of issuers of that State, and (iii) such company observes in its investments policy the restrictions set out in section 4.3 (Risk diversification limits) above (with the exceptions of sections 4.3.5 and 4.3.11 to 4.3.13) and sections 4.4.1 to 4.4.3; and

- (E) shares held by the Fund in the capital of subsidiary companies which carry on the business of management, advice or marketing in the country where the subsidiary is established, in regard to the redemption of shares at the request of shareholders exclusively on its or their behalf.

4.5 Financial derivative instruments

4.5.1 General

To the extent permitted by the relevant investment objective and policy of the Sub-Fund (as set out in its Supplement), each Sub-Fund may use financial derivative instruments such as options, futures, forwards and swaps or any variation or combination of such instruments, for hedging or investment purposes in accordance with the conditions set out in this section 4.

The use of financial derivative instruments may not, under any circumstances, cause a Sub-Fund to deviate from its investment objective.

Each Sub-Fund must hold at any time sufficient liquid assets to cover its financial obligations arising under financial derivative instruments used.

The global exposure of a Sub-Fund to financial derivative instruments and efficient portfolio management techniques may not exceed the Net Asset Value of the Sub-Fund, as further described in section 4.8 (Global exposure limits) below.

The exposure of a Sub-Fund to underlying assets referenced by financial derivative instruments, combined with any direct investment in such assets, may not exceed in aggregate the investment limits set out in section 4.3 (Risk diversification) above. However, to the extent a Sub-Fund invests in financial derivative instruments referencing financial indices (as described in section 4.5.3) the exposure of the Sub-Fund to the underlying assets of the financial indices do not have to be combined with any direct or indirect investment of the Sub-Fund in such assets for the purposes of the limits set out in section 4.3 (Risk diversification) above.

Where a Transferable Security or Money Market Instrument embeds a financial derivative instrument, the latter must be taken into account in complying with the risk diversification rules, global exposure limits and information requirements of this section 4 applicable to financial derivative instruments.

For the time being, none of the Sub-Fund(s) use financial derivatives instruments.

4.5.2 OTC financial derivative instruments

Each Sub-Fund may invest into financial derivative instruments that are traded 'over-the-counter' or OTC including, without limitation, total return swaps or other financial derivative instruments with similar characteristics, in accordance with its investment objective and policy and the conditions set out in this section 4.

The counterparties to OTC financial derivative instruments will be selected among financial institutions subject to prudential supervision (such as credit institutions or investment firms) and specialised in the relevant type of transaction. The identity of the counterparties will be disclosed in the Annual Report. The counterparties will have no discretion over the composition or management of the portfolio of the Sub-Fund or the underlying assets of the financial derivative instruments. Otherwise, for regulatory purposes, the agreement between the Fund and such counterparty will be considered as an investment management delegation.

The Management Company uses a process for accurate and independent assessment of the value of OTC financial derivative instruments in accordance with applicable laws and regulations.

In order to limit the exposure of a Sub-Fund to the risk of default of the counterparty under OTC financial derivative instruments, the Sub-Fund may receive cash or other assets as collateral, as further specified in section 4.7 (Collateral Policy).

4.5.3 Financial indices

Each Sub-Fund may use financial derivative instruments to replicate or gain exposure to one or more financial indices in accordance with its investment objective and policy. The underlying assets of financial indices may comprise eligible assets described in section 4.1 (Authorised investments) above and instruments with one or more characteristics of those assets, as well as interest rates, foreign exchange rates or currencies, other financial indices and/or other assets, such as commodities or real estate.

For the purposes of this Prospectus, a 'financial index' is an index which complies, at all times, with the following conditions: the composition of the index is sufficiently diversified (each component of a financial index may represent up to 20% of the index, except that one single component may represent up to 35% of the index where justified by exceptional market conditions), the index represents an adequate benchmark for the market to which it refers, and the index is published in an appropriate manner. These conditions are further specified in and supplemented by regulations and guidance issued by the CSSF from time to time.

4.6 Efficient portfolio management techniques

Each Sub-Fund is authorized to employ techniques and instruments relating to Transferable Securities and Money Market Instruments, such as securities lending, repurchase and reverse repurchase transactions, provided that such techniques and instruments are used for the purposes of efficient portfolio management and that the use of such techniques and instruments does not result in a change of the declared investment objective of any Sub-Fund or substantially increases the stated risk profile of the Sub-Fund.

For the time being, none of the Sub-Fund(s) has entered into any efficient portfolio management transactions and as of the date hereof, there is no intention to enter into any securities lending transactions, repurchase and reverse repurchase agreements, total return swaps or any other derivatives with same characteristics. Any change in this situation will require the amendment of the Prospectus beforehand, notably to comply with the EU Regulation 2015/2365 on transparency of securities financing transactions and of reuse (SFTR or SFTR Regulation).

4.7 Collateral policy

In the context of OTC financial derivatives transactions and efficient portfolio management techniques, the Fund may receive collateral with a view to reduce its counterparty risk. For the purposes of this section, all assets received by the Fund in the context of efficient portfolio management techniques (securities lending, repurchase or reverse repurchase agreements) shall be considered as collateral.

For the time being, the Fund does not receive any collateral in the context of OTC derivative instruments and efficient management portfolio techniques. However, should any Sub-Fund receive collateral in such context, the latter should comply with the following rules as appropriately amended prior to the reception of any collateral:

4.7.1 Eligible collateral

Collateral received by the Fund may be used to reduce its counterparty risk exposure if it complies with the criteria set out in applicable laws, regulations and circulars issued by the CSSF from time to time notably in terms of liquidity, valuation, issuer credit quality, correlation, risks linked to the management of collateral and enforceability. In particular, collateral should comply with the following conditions:

- (A) Any collateral received other than cash should be of high quality, highly liquid and traded on a Regulated Market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to pre-sale valuation;
- (B) It should be valued on at least a daily basis and assets that exhibit high price volatility should not be accepted as collateral unless suitably conservative haircuts are in place;
- (C) It should be issued by an entity that is independent from the counterparty and is expected not to display a high correlation with the performance of the counterparty;
- (D) It should be sufficiently diversified in terms of country, markets and issuers with a maximum exposure of 20% of the Sub-Fund's net asset value to any single issuer on an aggregate basis, taking into account all collateral received. By way of derogation, this limit may be exceeded and up to 100% of the collateral received by a Sub-Fund may consist in Transferable Securities and Money Market Instruments issued or guaranteed by one or several Member States, their local authorities, member States of the OECD and certain other States (currently including Republic of Singapore and Hong-Kong) or public international bodies to which one or more Member States belong, provided that such securities or instruments are part of a basket of collateral comprised of securities or instruments of at least six different issues and that securities or instruments from any one issue do not account for more than 30% of the Net Asset Value of the Sub-Fund.
- (E) It should be capable of being fully enforced by the Fund at any time without reference to or approval from the counterparty.

Subject to the abovementioned conditions, collateral received by the Fund may consist of:

- (i) Cash and cash equivalents, including short-term bank certificates and money market instruments
- (ii) Bonds issued or guaranteed by a member state of the OECD or by their local public authorities or by supranational institutions and undertakings with EU, regional or worldwide scope
- (iii) Shares or units issued by money market UCIs calculating a daily net asset value and being assigned a rating of AAA or its equivalent
- (iv) Shares or units issued by UCITS investing mainly in bonds/shares mentioned in (v) and (vi) below
- (v) Bonds issued or guaranteed by first class issuers offering adequate liquidity
- (vi) Shares admitted to or dealt in on a Regulated Market of a Member State of the EU or on a stock exchange of a member state of the OECD, on the condition that these shares are included in a main index.

4.7.2 Level of collateral

The Fund will determine the required level of collateral for OTC financial derivatives transactions and efficient portfolio management techniques by reference to the applicable counterparty risk limits set out in this prospectus and taking into account the nature and characteristics of transactions, the creditworthiness and identity of counterparties and prevailing market conditions.

4.7.3 Safekeeping of collateral

Collateral posted in favour of a Sub-Fund under a title transfer arrangement should be held by the Depositary or one of its correspondents or sub-custodian. Collateral posted in favour of a Sub-Fund under a security interest arrangement (eg, a pledge) can be held by a third party custodian which is subject to prudential supervision, and which is unrelated to the provider of the collateral.

4.7.4 Haircut policy

Collateral will be valued, on a daily basis, using available market prices and taking into account appropriate discounts which will be determined by the Fund for each asset class based on its haircut policy. The policy takes into account a variety of factors, depending on the nature of the collateral received, such as the issuer's credit standing, the maturity, currency, price volatility of the assets and, where applicable, the outcome of liquidity stress tests carried out by the Fund under normal and exceptional liquidity conditions. No haircut will generally be applied to cash collateral.

4.7.5 Reinvestment of collateral

Non-cash collateral received by the Fund may not be sold, re-invested or pledged.

Cash collateral received by the Fund can only be:

- (i) placed on deposit with entities prescribed by article 50(f) of the UCITS Directive;
- (ii) invested in high-quality government bonds;
- (iii) used for the purpose of reverse repo transactions provided the transactions are with credit institutions subject to prudential supervision and the Fund is able to recall at any time the full amount of cash on accrued basis; and/or
- (iv) invested in short-term money market funds as defined in the Guidelines on a Common Definition of European Money Market Funds.

Re-invested cash collateral should be diversified in accordance with the diversification requirements applicable to non-cash collateral as set out above.

The Sub-Fund may incur a loss in reinvesting the cash collateral it receives. Such a loss may arise due to a decline in the value of the investment made with cash collateral received. A decline in the value of such investment of the cash collateral would reduce the amount of collateral available to be returned by the Sub-Fund to the counterparty at the conclusion of the transaction. The Sub-Fund would be required to cover the difference in value between the collateral originally received and the amount available to be returned to the counterparty, thereby resulting in a loss to the Sub-Fund.

4.8 Global exposure limits

4.8.1 General

In accordance with Luxembourg laws and regulations, the Management Company has adopted and implemented a risk management process which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the Sub-Fund.

The global exposure of a Sub-Fund to financial derivative instruments and efficient portfolio management techniques may not exceed the Net Asset Value of the Sub-Fund. Global exposure is calculated, at least on a daily basis, using either the commitment approach or the value-at-risk or “VaR” approach, as further explained below. Global exposure is a measure designed to limit either the incremental exposure and leverage generated by a Sub-Fund through the use of financial derivative instruments and efficient portfolio management techniques (where the Sub-Fund uses the commitment approach) or the market risk of the Sub-Fund’s portfolio (where the Sub-Fund uses the VaR approach). The method used by each Sub-Fund to calculate global exposure is mentioned in its Supplement.

4.8.2 Commitment approach

Under the commitment approach, all financial derivative positions of the Sub-Fund are converted into the market value of the equivalent position in the underlying assets. Netting and hedging arrangements may be taken into account when calculating global exposure, where these arrangements do not disregard obvious and material risks and result in a clear reduction in risk exposure.

4.8.3 VaR approach

In financial mathematics and financial risk management, VaR is a widely used risk measure of the risk of loss on a specific portfolio of financial assets. For a given investment portfolio, probability and time horizon, VaR measures the potential loss that could arise over a given time interval under normal market conditions, and at a given confidence level. The calculation of VaR is conducted on the basis of a one-sided confidence interval of 99% and a holding period of 20 days. The exposure of the Sub-Fund is subject to periodic stress tests.

VaR limits are set using an absolute or relative approach. The Management Company will decide which VaR approach is the most appropriate methodology given the risk profile and investment strategy of the Sub-Fund. The VaR approach selected for each Sub-Fund using VaR is specified in its Supplement.

The absolute VaR approach is generally appropriate in the absence of an identifiable reference portfolio or benchmark for the Sub-Fund (for instance, where the Sub-Fund has an absolute return target). Under the absolute VaR approach a limit is set as a percentage of the Net Asset Value of the Sub-Fund. Based on the above calculation parameters, the absolute VaR of each Sub-Fund is limited to 20% of its Net Asset Value. The Management Company may set a lower limit if appropriate.

The relative VaR approach is used for Sub-Funds where a leverage-free VaR benchmark or reference portfolio may be defined, reflecting the investment strategy of the Sub-Fund. The relative VaR of a Sub-Fund is expressed as a multiple of the VaR of the defined benchmark or reference portfolio and is limited to no more than twice the VaR on that benchmark or reference portfolio. The VaR benchmark or reference portfolio of the Sub-Fund, which may be different from the benchmark used for other purposes, is specified in its Supplement.

4.9 Leverage

Unless otherwise indicated in its Supplement, a Sub-Fund may use leverage to increase its exposure through the use of financial derivative instruments. Leverage may be used at the discretion of the Management Company in accordance with the investment objective and policy of each Sub-Fund and its defined risk profile. Leverage involves certain risks for the Sub-Fund, as further described in section 5 (General Risk Factors) below. Leverage is monitored on a regular basis by the Management Company.

Under applicable laws and regulations, the level of leverage is defined as the sum of the absolute value of the notional amount of all financial derivative instruments used by the Sub-Fund, as well as any additional exposure generated by the reinvestment of cash collateral in relation to efficient portfolio management techniques. The expected level of leverage, expressed as a percentage of the Net Asset Value of the Sub-Fund, is disclosed for each Sub-Fund in its Supplement. Shareholders should expect that the actual leverage of the Sub-Fund may vary (possibly significantly) from the estimated figures.

The “sum of notionals” methodology, which is mandatory under applicable laws and regulations, does not allow for the offset of hedging transactions and other risk mitigation strategies involving financial derivative instruments, such as currency hedging or duration management. Similarly, the “sum of notionals” methodology does not allow for the netting of derivative positions and does not take into account the underlying assets’ volatility or make any distinction between short term and long term assets. As a result, strategies that aim to reduce risks may contribute to an increased level of leverage for the Sub-Fund. The shareholders’ attention is drawn to the fact that the use of such methodology may therefore result in a high level of leverage which does not necessarily reflect the actual level of risk of the portfolio.

In order to take into account the specific use of financial derivative instruments and their contribution to the risks of the Sub-Fund, the expected level of leverage disclosed in the Supplement, based on the “sum of notionals” methodology, may be supplemented by expected leverage figures calculated on the basis of the commitment approach, as described above, which takes into account hedging and netting arrangements.

4.10 Breach of investment limits

The Sub-Funds need not comply with the limits set out above in this section 4 when exercising subscription rights attached to Transferable Securities and Money Market Instruments which form part of its assets.

If the limits set out above in this section 4 are exceeded for reasons beyond the control of the Fund or as a result of the exercise of subscription rights, the Fund must adopt as a priority objective in its sales transactions the remedying of that situation, taking due account of the interest of investors.

5. GENERAL RISK FACTORS

The performance of the Shares depends on the performance of the investments of the Sub-Fund, which may increase or decrease in value. The past performance of the Shares is not an assurance or guarantee of future performance. The value of the Shares at any time could be significantly lower than the initial investment and investors may lose a portion or even the entire amount originally invested.

Investment objectives express an intended result only. Unless otherwise specified in a Supplement, the Shares do not include any element of capital protection and the Fund gives no assurance or guarantee to any investors as to the performance of the Shares. Depending on market conditions and a variety of other factors outside the control of the Fund, investment objectives may become more difficult or even impossible to achieve. The Fund gives no assurance or guarantee to any investors as to the likelihood of achieving the investment objective of a Sub-Fund.

An investment in the Shares is only suitable for investors who have sufficient knowledge, experience and/or access to professional advisors to make their own financial, legal, tax and accounting evaluation of the risks of an investment in the Shares and who have sufficient resources to be able to bear any losses that may result from an investment in the Shares. Investors should consider their own personal circumstances and seek additional advice from their financial adviser or other professional adviser as to possible tax financial, legal, tax and accounting which they might encounter under the laws of the countries of their citizenship, residence, or domicile and which might be relevant to the subscription, purchase, holding, redemption, conversion or disposal of the Shares of the Fund.

Investors should also carefully consider all of the information set out in this Prospectus and the Supplement of the Sub-Fund before making an investment decision with respect to Shares of any Sub-Fund or Share Class. The following sections are of general nature and describe certain risks that are generally relevant to an investment in Shares of any Sub-Fund or Share Class. Other risks may be described in the Supplement. This section and the Supplements do not purport to be a complete explanation of all risks involved in an investment in the Shares of any Sub-Fund or Share Class and other risks may also be or become relevant from time to time.

5.1 Market risk

Market risk is understood as the risk of loss for a Sub-Fund resulting from fluctuation in the market value of positions in its portfolio attributable to changes in market variables, such as general economic conditions, interest rates, foreign exchange rates, or the creditworthiness of the issuer of a financial instrument. This is a general risk that applies to all investments, meaning that the value of a particular investment may go down as well as up in response to changes in market variables. Although it is intended that each Sub-Fund will be diversified with a view to reducing market risk, the investments of a Sub-Fund will remain subject to fluctuations in market variables and the risks inherent in investing in financial markets.

Economic risk

The value of investments held by a Sub-Fund may decline in value due to factors affecting financial markets generally, such as real or perceived adverse economic conditions, changes in the general outlook for revenues or corporate earnings, changes in interest or currency rates, or adverse investor sentiment generally. The value of investments may also decline due to factors affecting a particular, industry, area or sector, such as changes in production costs and competitive conditions. During a general downturn in the economy, multiple asset classes may decline in value simultaneously. Economic downturn can be difficult to predict.

When the economy performs well, there can be no assurance that investments held by a Sub-Fund will benefit from the advance.

5.1.1 Foreign exchange risk

Each Sub-Fund investing in securities denominated in currencies other than its Reference Currency may be subject to foreign exchange risk. As the assets of each Sub-Fund are valued in its Reference Currency, changes in the value of the Reference Currency compared to other currencies will affect the value, in the Reference Currency, of any securities denominated in such other currencies. Foreign exchange exposure may increase the volatility of investments relative to investments denominated in the Reference Currency. In accordance with its investment objective and policy, a Sub-Fund may attempt to hedge or reduce foreign exchange risk, generally through the use of derivatives. However, it may not be possible or practical to hedge or reduce such risk at all times.

In addition, a Share Class that is denominated in a Reference Currency other than the Reference Currency of the Sub-Fund exposes the investor to the risk of fluctuations between the Reference Currency of the Share Class and that of the Sub-Fund. Currency Hedged Share Classes seek to limit the impact of such fluctuations through currency hedging transactions. However, there can be no assurance that the currency hedging policy will be successful at all times. This exposure is in addition to foreign exchange risk, if any, incurred by the Sub-Fund with respect to investments denominated in other currencies than its Reference Currency, as described above.

5.1.2 Credit risk

Sub-Funds investing in fixed income instruments will be exposed to the creditworthiness of the issuers of the instruments and their ability to make principal and interest payments when due in accordance with the terms and conditions of the instruments. The creditworthiness or perceived creditworthiness of an issuer may affect the market value of fixed income instruments. Issuers with higher credit risk typically offer higher yields for this added risk, whereas issuers with lower credit risk typically offer lower yields. Generally, government debt is considered to be the safest in terms of credit risk, while corporate debt involves a higher credit risk. Related to that is the risk of downgrade by a rating agency. Rating agencies are private undertakings providing ratings for a variety of fixed income instruments based on the creditworthiness of their issuers. The agencies may change the rating of issuers or instruments from time to time due to financial, economic, political, or other factors, which, if the change represents a downgrade, can adversely impact the market value of the affected instruments.

5.1.3 Volatility

The volatility of a financial instrument is a measure of the variations in the price of that instrument over time. A higher volatility means that the price of the instrument can change significantly over a short time period in either direction. Each Sub-Fund may make investments in instruments or markets that are likely to experience high levels of volatility. This may cause the Net Asset Value per Share to experience significant increases or decreases in value over short periods of time.

5.1.4 Leverage

Leverage refers to the use of borrowed funds or financial derivative instruments to increase exposure to an asset in excess of the capital amount invested in that asset. Each Sub-Fund is subject to strict restrictions on borrowings which are generally not permitted for investment

purposes. However, in accordance with its investment objective and policy, a Sub-Fund may use financial derivative instruments to gain additional market exposure to underlying assets in excess of its Net Asset Value, thereby creating a leverage effect. While leverage presents opportunities for increasing gains of a Sub-Fund, it also has the effect of potentially increasing losses incurred by the Sub-Fund. The maximum expected level of leverage of each Sub-Fund calculating its global exposure under the VaR approach is disclosed in the Supplement. For regulatory purposes, leverage must be calculated by reference to the gross notional amounts of the derivatives used. This calculation method does not take into account the market risk and volatility of the underlying assets. A relatively high notional amount may be required in order to achieve the desired level of exposure to the underlying assets. This may be the case in particular for short-term interest rate derivatives to the extent their sensitivity to interest rate changes is low relative to other assets.

5.2 Liquidity risk

Liquidity refers to the speed and ease with which investments can be sold or liquidated or a position closed. On the asset side, liquidity risk refers to the inability of a Sub-Fund to dispose of investments at a price equal or close to their estimated value within a reasonable period of time. On the liability side, liquidity risk refers to the inability of a Sub-Fund to raise sufficient cash to meet a redemption request due to its inability to dispose of investments. In principle, each Sub-Fund will only make investments for which a liquid market exists or which can otherwise be sold, liquidated or closed at any time within a reasonable period of time. However, in certain circumstances, investments may become less liquid or illiquid due to a variety of factors including adverse conditions affecting a particular issuer, counterparty, or the market generally, and legal, regulatory or contractual restrictions on the sale of certain instruments. In addition, a Sub-Fund may invest in financial instruments traded over-the-counter or OTC, which generally tend to be less liquid than instruments that are listed and traded on exchanges. Market quotations for less liquid or illiquid instruments may be more volatile than for liquid instruments and/or subject to larger spreads between bid and ask prices. Difficulties in disposing of investments may result in a loss for a Sub-Fund and/or compromise the ability of the Sub-Fund to meet a redemption request.

5.3 Counterparty risk

Counterparty risk refers to the risk of loss for a Sub-Fund resulting from the fact that the counterparty to a transaction entered into by the Sub-Fund may default on its contractual obligations. There can be no assurance that an issuer or counterparty will not be subject to credit or other difficulties leading to a default on its contractual obligations and the loss of all or part of the amounts due to the Sub-Fund. This risk may arise at any time the assets of a Sub-Fund are deposited, extended, committed, invested or otherwise exposed through actual or implied contractual agreements. For instance, counterparty risk may arise when a Sub-Fund has deposited cash with a financial institution, invests into debt securities and other fixed income instruments, enters into OTC financial derivative instruments, or enters into securities lending, repurchase and reverse repurchase agreements.

5.4 Operational risk

Operational risk means the risk of loss for the Fund resulting from inadequate internal processes and failures in relation to people and systems of the Fund, the Management Company and/or its agents and service providers, or from external events, and includes legal and documentation risk and risk resulting from the trading, settlement and valuation procedures operated on behalf of the Fund.

5.4.1 Valuation

Certain Sub-Funds may hold investments for which market prices or quotations are not available or representative, or which are not quoted, listed or traded on an exchange or regulated market. In addition, in certain circumstances, investments may become less liquid or illiquid. Such investments will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors. Such investments are inherently difficult to value and are the subject of substantial uncertainty. There is no assurance that the estimates resulting from the valuation process will reflect the actual sales or liquidation prices of investments.

5.4.2 Laws and regulations

The Fund may be subject to a number of legal and regulatory risks, including contradictory interpretations or applications of laws, incomplete, unclear and changing laws, restrictions on general public access to regulations, practices and customs, ignorance or breaches of laws on the part of counterparties and other market participants, incomplete or incorrect transaction documents, lack of established or effective avenues for legal redress, inadequate investor protection, or lack of enforcement of existing laws. Difficulties in asserting, protecting and enforcing rights may have a material adverse effect on the Sub-Funds and their operations.

5.4.3 FATCA

The Fund may be subject to regulations imposed by foreign regulators, in particular, the United States laws and regulations known as FATCA. FATCA provisions generally impose a reporting to the US Internal Revenue Services of non-US financial institutions that do not comply with FATCA and US persons' direct and indirect ownership of non-US accounts and non-US entities. Failure to provide the requested information will lead to a 30% withholding tax applying to certain US source income (including dividends and interest) and gross proceeds from the sale or other disposal of property that can produce US source interest or dividends. Under the terms of FATCA, the Fund will be treated as a Foreign Financial Institution (within the meaning of FATCA). As such, the Fund may require all investors to provide documentary evidence of their tax residence and all other information deemed necessary to comply with the above mentioned regulations.

Despite anything else herein contained and as far as permitted by Luxembourg law, the Fund shall have the right to: (i) withhold on any payment to investors an amount equal to any taxes or similar charges required by applicable laws and regulations to be withheld in respect of any shareholding in the Fund, (ii) require any investor or beneficial owner of Shares to provide such personal information as may be required by the Fund in order to comply with applicable laws and regulations and/or determine the amount to be withheld; (iii) divulge any such personal information to any tax authority, as may be required by applicable laws and regulations or requested by such authority; (iii) delay payments to any investor, including any dividend or redemption proceeds, until the Fund holds sufficient information to comply with applicable laws and regulations and/or determine the amount to be withheld.

5.4.4 Common Reporting Standard

The Fund may be subject to the Standard for Automatic Exchange of Financial Account Information in Tax Matters (the "**Standard**") and its Common Reporting Standard (the "**CRS**") as set out in Luxembourg law on the Common Reporting Standard (the "**CRS Law**").

Under the terms of the CRS Law, the Fund is likely to be treated as a Luxembourg Reporting Financial Institution. As such, as of 30 June 2017 and without prejudice to other applicable data protection provisions as set out in the Fund documentation, the Fund will be required to annually report to the Luxembourg tax authority (the “LTA”) personal and financial information related, *inter alia*, to the identification of, holdings by and payments made to (i) certain investors as per the CRS Law (the “Reportable Persons”) and (ii) Controlling Persons of certain non-financial entities (“NFEs”) which are themselves Reportable Persons. This information, as exhaustively set out in Annex I of the CRS Law (the “Information”), will include personal data related to the Reportable Persons.

The Fund’s ability to satisfy its reporting obligations under the CRS Law will depend on each investor providing the Fund with the Information, along with the required supporting documentary evidence. In this context, the investors are hereby informed that, as data controller, the Fund will process the Information for the purposes as set out in the CRS Law. The investors undertake to inform their Controlling Persons, if applicable, of the processing of their Information by the Fund.

The investors are further informed that the Information related to Reportable Persons within the meaning of the CRS Law will be disclosed to the LTA annually for the purposes set out in the CRS Law. In particular, Reportable Persons are informed that certain operations performed by them will be reported to them through the issuance of statements, and that part of this information will serve as a basis for the annual disclosure to the LTA.

Similarly, the investors undertake to inform the Fund within thirty (30) days of receipt of these statements should any included personal data be not accurate. The investors further undertake to immediately inform the Fund of, and provide the Fund with all supporting documentary evidence of any changes related to the Information after occurrence of such changes.

Any investor that fails to comply with the Fund’s Information or documentation requests may be held liable for penalties imposed on the Fund and attributable to such investor’s failure to provide the Information or subject to disclosure of the Information by the Fund to the LTA.

5.4.5 Segregation of Sub-Funds

The Fund is a single legal entity incorporated as an "umbrella fund" comprised of separate Sub-Funds. Under Luxembourg law, each Sub-Fund represents a segregated pool of assets and liabilities. By operation of the law, the rights and claims of creditors and counterparties of the Fund arising in respect of the creation, operation or liquidation of a Sub-Fund will be limited to the assets allocated to that Sub-Fund. However, while these provisions are binding in a Luxembourg court, these provisions have not been tested in other jurisdictions, and a creditor or counterparty might seek to attach or seize assets of a Sub-Fund in satisfaction of an obligation owed in relation to another Sub-Fund in a jurisdiction which would not recognise the principle of segregation of liability between Sub-Funds. Moreover, under Luxembourg law, there is no legal segregation of assets and liabilities between Share Classes of the same Sub-Fund. In the event that, for any reason, assets allocated to a Share Class become insufficient to pay for the liabilities allocated to that Share Class, the assets allocated to other Share Classes of the Sub-Fund will be used to pay for those liabilities. As a result, the Net Asset Value of the other Share Classes may also be reduced.

5.5 Certain financial instruments and investment techniques

5.5.1 OTC financial derivative instruments

In general, there is less government regulation and supervision of transactions in OTC markets than of transactions entered into on organised exchanges. OTC derivatives are executed directly with the counterparty rather than through a recognised exchange and clearing house. Counterparties to OTC derivatives are not afforded the same protections as may apply to those trading on recognised exchanges, such as the performance guarantee of a clearing house.

The principal risk when engaging in OTC financial derivative instruments (such as non-exchange traded options, forwards, swaps or contracts for difference) is the risk of default by a counterparty who has become insolvent or is otherwise unable or refuses to honour its obligations as required by the terms of the instrument. OTC derivatives may expose a Sub-Fund to the risk that the counterparty will not settle a transaction in accordance with its terms, or will delay the settlement of the transaction, because of a dispute over the terms of the contract (whether or not *bona fide*) or because of the insolvency, bankruptcy or other credit or liquidity problems of the counterparty. Counterparty risk is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund.

Investments in OTC derivatives may be subject the risk of differing valuations arising out of different permitted valuation methods. Although the Fund has implemented appropriate valuation procedures to determine and verify the value of OTC derivatives, certain transactions are complex and valuation may only be provided by a limited number of market participants who may also be acting as the counterparty to the transactions. Inaccurate valuation can result in inaccurate recognition of gains or losses and counterparty exposure.

Unlike exchange-traded derivatives, which are standardised with respect to their terms and conditions, OTC derivatives are generally established through negotiation with the other party to the instrument. While this type of arrangement allows greater flexibility to tailor the instrument to the needs of the parties, OTC derivatives may involve greater legal risk than exchange-traded instruments, as there may be a risk of loss if the agreement is deemed not to be legally enforceable or not documented correctly. There also may be a legal or documentation risk that the parties may disagree as to the proper interpretation of the terms of the agreement. However, these risks are generally mitigated, to a certain extent, by the use of industry-standard agreements such as those published by the International Swaps and Derivatives Association (ISDA).

5.5.2 Securities lending, repurchase and reverse repurchase transactions

Securities lending, repurchase or reverse repurchase transactions involve certain risks and there can be no assurance that the objective sought to be obtained from the use of such techniques will be achieved.

The principal risk when engaging in securities lending, repurchase or reverse repurchase transactions is the risk of default by a counterparty who has become insolvent or is otherwise unable or refuses to honour its obligations to return securities or cash to the Fund as required by the terms of the transaction. Counterparty risk is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund. However, there are certain risks associated with collateral management, including difficulties in selling collateral and/or losses incurred upon realization of collateral, as described below.

Securities lending, repurchase or reverse repurchase transactions also entail liquidity risks due, *inter alia*, to locking cash or securities positions in transactions of excessive size or duration relative to the liquidity profile of the Sub-Fund or delays in recovering cash or securities paid to the counterparty. These circumstances may delay or restrict the ability of the Fund to meet redemption requests. The Sub-Fund may also incur operational risks such as, *inter alia*, non-settlement or delay in settlement of instructions, failure or delays in satisfying delivery obligations under sales of securities, and legal risks related to the documentation used in respect of such transactions.

Securities Lending Risk

Securities lending activities involve certain risks and there can be no assurance that the objective for using them will be achieved.

Investors must notably be aware that (a) if the borrower of securities lent by a sub-fund fails to return these there is a risk that the collateral received is worth less than the value of the securities lent out, whether due to inaccurate pricing, adverse market movements, or a deterioration in the credit rating of issuers of the collateral; and that (b) delays in the return of securities on the loaned may restrict the ability of a sub-fund to meet delivery obligations under security sales or payment obligations arising from redemption requests.

Securities Lending transactions also entail operational risks such as the non-settlement or delay in settlement of instructions and legal risks related to the documentation used in respect of such transactions.

Risk associated with the use of Total/Excess Return Swaps

Synthetic replication through total return (or unfunded swaps), excess return swaps and fully-funded swaps may allow to obtain exposure to difficult-to-implement strategies that would otherwise be very costly and difficult to have access to with physical replication. As this does not involve to physically hold the securities, synthetic replication therefore involves lower costs for investors. Synthetic replication however involves counterparty risk: the counterparty may default or may not be able to meet its obligations in full, as further described above under 5.3 "Counterparty Risk".

Risks associated with use of Repurchase and reverse repurchase agreements

A Sub-Fund may enter into repurchase agreements and reverse repurchase agreements as a buyer or as a seller. If the other party to a repurchase agreement or reverse repurchase agreement should default, the Sub-Fund might suffer a loss to the extent that the proceeds from the sale of the underlying securities and/or other collateral held by the sub-fund in connection with the repurchase agreement or reverse repurchase agreement are less than the repurchase price or, as the case may be, the value of the underlying securities. In addition, in the event of bankruptcy or similar proceedings of the other party to the repurchase agreement or reverse repurchase agreement or its failure otherwise to perform its obligations on the repurchase date, the Sub-Fund could suffer losses, including loss of interest on or principal of the security and costs associated with delay and enforcement of the repurchase agreements or reverse repurchase agreements.

5.5.3 Collateral management

Counterparty risk arising from investments in OTC financial derivative instruments and securities lending, repurchase and reverse repurchase agreements is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund. However, transactions may not be fully collateralised. Fees and returns due to the Sub-Fund may not be collateralised. If a counterparty defaults, the Sub-Fund may need to sell non-cash collateral received at prevailing market prices. In such a case the Sub-Fund could realise a loss due, *inter alia*, to inaccurate pricing or monitoring of the collateral, adverse market movements, deterioration in the credit rating of issuers of the collateral or illiquidity of the market on which the collateral is traded. Difficulties in selling collateral may delay or restrict the ability of the Sub-Fund to meet redemption requests.

A Sub-Fund may also incur a loss in reinvesting cash collateral received, where permitted. Such a loss may arise due to a decline in the value of the investments made. A decline in the value of such investments would reduce the amount of collateral available to be returned by the Sub-Fund to the counterparty as required by the terms of the transaction. The Sub-Fund would be required to cover the difference in value between the collateral originally received and the amount available to be returned to the counterparty, thereby resulting in a loss to the Sub-Fund.

5.6 Sustainable finance

Currently, there is no universally accepted framework or list of factors to consider in order to ensure that investments are sustainable and the legal and regulatory framework governing sustainable finance is still under development.

The current lack of common standards may result in different approaches to setting and achieving environmental, social and governance or “ESG” objectives. ESG factors may vary depending on investment themes, asset classes, investment philosophy and subjective use of different ESG indicators governing portfolio construction. The selection and weightings applied may to a certain extent be subjective or based on metrics that may share the same name but have different underlying meanings. ESG information, whether from an external and/or internal source, is, by nature and in many instances, based on a qualitative and judgmental assessment, especially in the absence of well-defined market standards and due to the existence of multiple approaches to sustainable investment. An element of subjectivity and discretion is therefore inherent to the interpretation and use of ESG data. It may consequently be difficult to compare strategies integrating ESG criteria. Investors should note that the subjective value that they may or may not assign to certain types of ESG criteria may differ substantially from that of a portfolio.

Applying ESG criteria to the investment process may exclude securities of certain issuers for non-financial reasons and, therefore, may forgo some market opportunities available to other funds that do not use ESG or sustainability criteria.

ESG information from third-party data providers may be incomplete, inaccurate or unavailable, which may adversely impact a Portfolio placing reliance on such data for the purposes of assessing the appropriate inclusion or exclusion of a security.

The approach to sustainable finance may evolve and develop over time, both due to a refinement of investment decision-making processes to address ESG factors and risks, and because of legal and regulatory developments.

As a consequence of the above, at this stage, the Fund does not integrate sustainability risks into its investment decision and the Fund does not assess potential impact of sustainability risks in the return of the Shares.

The investments underlying the Fund does not take into account the EU criteria for environmentally sustainable economic activities.

For the purposes of Article 7(2) of SFDR, the Fund confirms that it does not consider the adverse impacts of investment decisions on sustainability factors at the present time. Sustainability factors are defined by SFDR as environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

The main reasons for which the Fund is currently not considering adverse impacts is the absence of sufficient data and data of a sufficient quality to allow the Fund to define material metrics for disclosure.

6. Management and Administration

6.1 The Board of Directors

The members of the Board of Directors will be elected by the general meeting of shareholders subject to the approval of the CSSF. The Board of Directors is vested with the broadest powers to act on behalf of the Fund and to take any actions necessary or useful to fulfil the Fund's corporate purpose, subject to the powers expressly assigned by law or the Articles of Association to the general meeting of shareholders.

The Board of Directors is responsible for conducting the overall management and business affairs of the Fund in accordance with the Articles of Association. In particular, the Board of Directors is responsible for defining the investment objective and policy of the Sub-Funds and their risk profile, subject to the principle of risk diversification, and for the overall supervision of the management and administration of the Fund, including the selection and supervision of the Management Company and the general monitoring of the performance and operations of the Fund.

For the current composition of the Board of Directors, please refer to the Directory.

6.2 The Management Company

The Fund has appointed the Management Company as its management company in accordance with the provisions of the 2010 Law pursuant to the Management Company Services Agreement.

The Management Company is a public limited company ("*société anonyme*") incorporated under the laws of Luxembourg on September 1, 1993. The Management Company is authorised and regulated by the CSSF in Luxembourg under chapter 15 of the 2010 Law. The main business activity of the Management Company is to provide collective portfolio management services to the Fund and other investment funds and perform the functions of a UCITS management company in accordance with the 2010 Law.

The relationship between the Fund and the Management Company is subject to the terms of the Management Company Services Agreement. Under the terms of the Management Company Services Agreement, the Management Company is responsible for the investment management and administration of the Fund as well as the marketing of the Shares, subject to the overall supervision of the Board of Directors. The Management Company is in charge of the day-to-day business activities of the Fund. The Management Company has authority to act on behalf of the Fund within its function.

For the purpose of a more efficient conduct of its business, the Management Company may delegate to third parties the power to carry out some of its functions on its behalf, in accordance with applicable laws and regulations of Luxembourg and with the prior consent of the Fund. The delegated functions shall remain under the supervision and responsibility of the Management Company and the delegation shall not prevent the Management Company from acting, or the Fund from being managed, in the best interests of the investors. The delegation to third parties is subject to the prior approval of the CSSF.

In conducting its activities, the Management Company shall act honestly and fairly, with due skill, care and diligence, in the best interests of the Fund, its investors, and the integrity of the market. In accordance with applicable laws and regulations, the Management Company has adopted and maintains sound internal governance, administrative and accounting procedures. It maintains effective, permanent and independent compliance and internal audit functions.

The Management Company is organised in such a way as to minimise the risk of the Fund's interests being prejudiced by conflicts of interest between the Management Company and/or its clients.

The Management Company has established and applies a remuneration policy and practices that are consistent with, and promote, sound and effective risk management and that neither encourage risk taking which is inconsistent with the risk profiles, rules, this Prospectus or the Articles of Association nor impair compliance with the Management Company's obligation to act in the best interest of the Fund (the "**Remuneration Policy**").

The Remuneration Policy includes fixed and variable components of salaries and applies to those categories of staff, including senior management, risk takers, control functions and any employee receiving total remuneration that falls within the remuneration bracket of senior management and risk takers whose professional activities have a material impact on the risk profiles of the Management Company, the Fund or the Sub-Funds.

Details of the Remuneration Policy, including the persons in charge of determining the fixed and variable remunerations of staffs, a description of the key remuneration elements and an overview of how remuneration is determined, is available on the website <https://www.lemanikgroup.com/corporate-governance/>. A paper copy of the summarised Remuneration Policy is available free of charge to the shareholders upon request.

The Remuneration Policy is in line with the business strategy, objectives, values and interests of the Management Company, the Fund and the shareholders and includes measures to avoid conflicts of interest.

In particular, the Remuneration Policy will ensure that:

- a) the staff engaged in control functions are compensated in accordance with the achievement of the objectives linked to their functions, independently of the performance of the business areas that they control;
- b) the fixed and variable components of total remuneration are appropriately balanced and the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable remuneration components, including the possibility to pay no variable remuneration component;
- c) the measurement of performance used to calculate variable remuneration components or pools of variable remuneration components includes a comprehensive adjustment mechanism to integrate all relevant types of current and future risks;

In context of delegation, the Remuneration Policy will ensure that any delegate of the Management Company comply with the following:

the assessment of performance is set in a multi-year framework appropriate to the holding period recommended to the investors of the Fund in order to ensure that the assessment process is based on the longer-term performance of the Fund and its investment risks and that the actual payment of performance-based components of remuneration is spread over the same period;

- a) if at any point of time, the management of the Fund were to account for 50 % or more of the total portfolio managed by any delegate of the Management Company, at least 50 % of any variable remuneration component will have to consist of Shares, equivalent ownership interests, or share-linked instruments or equivalent non-cash instruments with equally effective incentives as any of the instruments referred to in this item (e); and
- b) a substantial portion, and in any event at least 40 % of the variable remuneration component, is deferred over a period which is appropriate in view of the holding period recommended to the shareholders and is correctly aligned with the nature of the risks of the Fund.

The Management Company Services Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than ninety (90) calendar days' prior written notice. The Management Company Services Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Management Company Services Agreement contains provisions exempting the Management Company from liability and indemnifying the Management Company in certain circumstances. However, the liability of the Management Company towards the Fund will not be affected by any delegation of functions by the Management Company.

6.3 The Investment Manager

With the consent of the Fund, the Management Company may appoint an investment manager for the Fund.

At the date of this Prospectus, the Management Company has not delegated the investment management function to any investment manager.

6.4 The Depositary

Depositary's functions

The Fund has appointed RBC Investor Services Bank S.A. ("**RBC**") having its registered office at 14, Porte de France, L-4360 Esch-sur-Alzette, Grand Duchy of Luxembourg, as depositary bank and principal paying agent (the "**Depositary**") of the Fund with responsibility for the:

- a) safekeeping of the assets;
- b) oversight duties; and
- c) cash flow monitoring

in accordance with the 2010 Law and the Depositary Bank and Principal Paying Agent Agreement dated 7 July 2016 and entered into between the Fund and RBC (the "**Depositary Bank and Principal Paying Agent Agreement**").

RBC Investor Services Bank S.A. is registered with the Luxembourg Register for Trade and Companies ("**RCS**") under number B-47192 and was incorporated in 1994 under the name "First European Transfer Agent". It is licensed to carry out banking activities under the terms of the Luxembourg law of 5 April 1993 on the financial services sector and specialises in custody, fund administration and related services. Its equity capital as at 31 December 2019 amounted to approximately EUR 1,226,832,73.-.

The Depositary has been authorized by the Fund to delegate its safekeeping duties (i) to delegates in relation to other assets and (ii) to sub-custodians in relation to financial instruments and to open accounts with such sub-custodians.

An up to date description of any safekeeping functions delegated by the Depositary and an up to date list of the delegates and sub-custodians may be obtained, upon request, from the Depositary or via the following website link:

<https://apps.rbcits.com/RFP/gmi/updates/Appointed%20subcustodians.pdf>.

Where the law of a third country requires that financial instruments are held in custody by a local entity and no local entity satisfies the delegation requirements of the 2010 Law, the Depositary may delegate its functions to such local entity to the extent required by the law of that third country for as long as there are no local entities satisfying the aforementioned requirements. An up-to-date list of these countries is available at the registered office of the Fund and the Fund will be notified prior to a change in the delegation with such local entity. Details of the delegation can also be found at the registered office of the Fund.

The Depositary shall act honestly, fairly, professionally, independently and solely in the interests of the Fund and the shareholders in the execution of its duties under the 2010 Law and the Depositary Bank and Principal Paying Agent Agreement.

Under its oversight duties, the Depositary will:

- ensure that the sale, issue, repurchase, redemption and cancellation of Shares effected on behalf of the Fund are carried out in accordance with the 2010 Law and with the Fund's Articles of Association,
- ensure that the value of Shares is calculated in accordance with the 2010 Law and the Fund's Articles of Association,
- carry out the instructions of the Fund or the Management Company acting on behalf of the Fund, unless they conflict with the 2010 Law or the Fund's Articles of Association,
- ensure that in transactions involving the Fund's assets, the consideration is remitted to the Fund within the usual time limits; and
- ensure that the income of the Fund is applied in accordance with the 2010 Law or the Fund's Articles of Association.

The Depositary will also ensure that cash flows are properly monitored in accordance with the 2010 Law and the Depositary Bank and Principal Paying Agent Agreement.

Depositary's conflicts of interests

From time to time conflicts of interests may arise between the Depositary and the delegates, for example where an appointed delegate is an affiliated group company which receives remuneration for another custodial service it provides to the Fund. On an ongoing basis, the Depositary analyses, based on applicable laws and regulations any potential conflicts of interests that may arise while carrying out its functions. Any identified potential conflict of interest is managed in accordance with the RBC's conflicts of interests policy which is subject to applicable laws and regulation for a credit institution according to and under the terms of the Luxembourg law of 5 April 1993 on the financial services sector.

Further, potential conflicts of interest may arise from the provision by the Depositary and/or its affiliates of other services to the Fund, the Management Company and/or other parties. For example, the Depositary and/or its affiliates may act as the depositary, custodian and/or administrator of other funds. It is therefore possible that the Depositary (or any of its affiliates) may in the course of its business have conflicts or potential conflicts of interest with those of the Fund, the Management Company and/or other funds for which the Depositary (or any of its affiliates) act.

RBC has implemented and maintains a management of conflicts of interests' policy, aiming namely at:

- identifying and analysing potential situations of conflicts of interests;
- recording, managing and monitoring the conflicts of interests situations in:
 - implementing a functional and hierarchical segregation making sure that operations are carried out at arm's length from the Depositary business ;
 - implementing preventive measures to decline any activity giving rise to the conflict of interest such as:
 - RBC and any third party to whom the custodian functions have been delegated do not accept any investment management mandates;
 - RBC does not accept any delegation of the compliance and risk management functions;
 - RBC has a strong escalation process in place to ensure that regulatory breaches are notified to compliance which reports material breaches to senior management and the board of directors of RBC;
 - a dedicated permanent internal audit department provides independent, objective risk assessment and evaluation of the adequacy and effectiveness of internal controls and governance processes.

RBC confirms that based on the above no potential situation of conflicts of interest could be identified.

An up to date information on conflicts of interests policy referred to above may be obtained, upon request, from the Depositary or via the following website link: <https://www.rbcits.com/en/who-we-are/governance/information-on-conflicts-of-interest-policy.page>

6.5 The Administrator

With the consent of the Fund, the Management Company has also appointed RBC Investor Services Bank S.A. as administrative, registrar and transfer agent of the Fund (the "Administrator") pursuant to the Administration Agency Agreement.

The relationship between the Fund, the Management Company and the Administrator is subject to the terms of the Administration Agency Agreement. Under the terms of the Administration Agency Agreement, the Administrator will carry out all general administrative duties related to the administration of the Fund required by Luxembourg law, calculate the Net Asset Value per Share, maintain the accounting records of the Fund, as well as process all subscriptions, redemptions, conversions, and transfers of Shares, and register these transactions in the register of shareholders. In addition, as registrar and transfer agent of the Fund, the Administrator, on behalf of the Fund, is also responsible for collecting the required information and performing verifications on investors to comply with applicable anti-money laundering rules and regulations.

The Administrator is not responsible for any investment decisions of the Fund or the effect of such investment decisions on the performance of the Fund.

The Administration Agency Agreement has no fixed duration and each party may, in principle, terminate the agreement on not less than ninety (90) days' prior written notice. The Administration Agency Agreement may also be terminated on shorter notice in certain circumstances, for instance where one party commits a material breach of its obligations. The Administration Agency Agreement may be terminated by the Management Company with immediate effect if this is deemed by the Management Company to be in the interest of the investors. The Administration Agency Agreement contains provisions exempting the Administrator from liability and indemnifying the Administrator in certain circumstances.

However, the liability of the Administrator towards the Management Company and the Fund will not be affected by any delegation of functions by the Administrator under the terms of the Administration Agency Agreement.

With the consent of the Fund, the Management Company reserves the right to change the administration arrangements described above by agreement with the Administrator and/or to appoint another service provider in Luxembourg to carry out the functions of administration agent. Investors will be notified in due course.

6.6 The Auditor

The Fund has appointed PricewaterhouseCoopers as its approved statutory auditor (*réviseur d'entreprises agréé*) within the meaning of the 2010 Law. The Auditor is elected by the general meeting of shareholders. The Auditor will inspect the accounting information contained in the Annual Report and fulfil other duties prescribed by the 2010 Law.

6.7 Conflicts of interest

The Board of Directors, the Management Company, the Depositary, the Administrator and the other service providers of the Fund, and/or their respective affiliates, members, employees or any person connected with them may be subject to various conflicts of interest in their relationships with the Fund.

As further described in the Articles of Association, any director of the Fund who has, directly or indirectly, an interest in a transaction submitted to the approval of the Board of Directors which conflicts with the Fund's interest, must inform the Board of Directors. The director may not take part in the discussions on and may not vote on the transaction.

The Management Company has adopted and implemented a conflicts of interest policy and has made appropriate organisational and administrative arrangements to identify and manage conflicts of interests so as to minimise the risk of the Fund's interests being prejudiced, and if they cannot be avoided, ensure that the Fund is treated fairly.

7. SHARES

7.1 Shares, Sub-Funds and Share Classes

7.1.1 Shares

The share capital of the Fund is represented by fully paid up Shares of no par value. The share capital of the Fund is at all times equal to the Net Asset Value of the Fund, which is the total Net Asset Value of all Sub-Funds expressed in the Reference Currency of the Fund. The share capital of the Fund must at all times be at least equal to the minimum required by the 2010 Law, which is currently 1,250,000 EUR.

The Shares will be issued in registered form. Under the conditions provided for by applicable Luxembourg law, the Board of Directors may at its discretion decide to issue, in addition to Shares in registered form, Shares in dematerialised form and to convert registered Shares in issue into dematerialised Shares, if requested by their holder(s). The costs resulting from the conversion of registered Shares at the request of their holders will be borne by the latter unless the Board of Directors decides at its discretion that all or part of these costs must be borne by the Fund.

Written confirmation of registration will be issued upon request and at the expense of the requesting shareholder. The registration of a shareholder in the register of shareholders of the Fund evidences the shareholder's ownership right towards the Fund.

The Fund will recognise only one single shareholder per Share. In case a Share is owned by several persons, they must appoint a single representative who will represent them towards the Fund. The Fund has the right to suspend the exercise of all rights attached to that Share until such representative has been appointed.

The Shares carry no preferential or pre-emptive rights: the Fund is authorised without limitation to issue an unlimited number of fully paid up Shares on any Valuation Day without reserving to existing investors a preferential or pre-emptive right to subscribe for the Shares to be issued.

Each Share entitles the shareholder to one (1) vote at all general meetings of shareholders of the Fund and at all meetings of the Sub-Fund or Share Class concerned. In case of a joint holding, only the first named shareholder may vote.

Fractions of Shares will be issued up to two (2) decimal places. Such fractional Shares will be entitled to participate on a *pro rata* basis in the net assets attributable to the Sub-Fund or Share Class to which they belong in accordance with their terms, as set out in this Prospectus. Fractions of Shares do not confer any voting rights on their holders. However, if the sum of the fractional Shares held by the same shareholder in the same Share Class represents one or more entire Shares, such shareholder will benefit from the corresponding voting right attached to the number of entire Shares.

Shares are each entitled to participate in the net assets allocated to the relevant Sub-Fund or Share Class in accordance with their terms, as set out in the Supplements. Shares will be issued on each Subscription Day immediately after the time of valuation and entitled to participate in the net assets of the Sub-Fund or Share Class as of that point, as described in more detail in section 7.4 (Subscription for Shares) below. Shares will be redeemed on each Redemption Day at the time of valuation and entitled to participate in the net assets of the Sub-Fund or Share Class until and including that point, as described in more detail in section 7.5 (Redemption of Shares) below.

Shares redeemed will generally be cancelled unless the Fund decides otherwise.

7.1.2 Sub-Funds

The Fund is a single legal entity incorporated as an umbrella fund comprised of separate Sub-Funds. Each Share issued by the Fund is a share in a specific Sub-Fund. Each Sub-Fund has a specific investment objective and policy as further described in its Supplement. A separate portfolio of assets is maintained for each Sub-Fund and invested for its exclusive benefit in accordance with its investment objective and policy.

With regard to third parties, in particular towards the Fund's creditors, each Sub-Fund shall be exclusively responsible for all liabilities attributable to it. As a consequence, the assets of each Sub-Fund may only be used to meet the debts, liabilities and obligations attributable to that Sub-Fund. In the event that, for any reason, the liabilities arising in respect of the creation, operation and liquidation of a Sub-Fund exceed the assets allocated to it, creditors will have no recourse against the assets of any other Sub-Fund to satisfy such deficit. Assets and liabilities are allocated to each Sub-Fund in accordance with the provisions of the Articles of Association, as set out in section 8.2 (Valuation procedure) below.

Each Sub-Fund may be established for an unlimited or limited duration as specified in its Supplement. In the latter case, upon expiry of the term, the Fund may extend the duration of the Sub-Fund once or several times. Investors will be notified at each extension. At the expiry of the duration of a Sub-Fund, the Fund will redeem all the Shares in that Sub-Fund. The Supplement will indicate the duration of each Sub-Fund and its extension, where applicable.

The Management Company, acting as principal distributor of the Fund (the "**Principal Distributor**"), will also organise and oversee the marketing and distribution of the Shares. The Principal Distributor may engage sub-distributors and/or intermediaries who may receive part of the maintenance charges, servicing charges or other similar fees.

Subject to the provisions of the agreements in place with the Management Company, such other parties may in turn engage sub-distributors or intermediaries. Notwithstanding the foregoing, the Management Company will also monitor the appointment and activities of the sub-distributors or intermediaries as part of its activity as Principal Distributor.

Distributors, sub-distributors, intermediaries and brokers/ dealers engaged in the activity of marketing and distributing the Shares shall abide by and enforce all the terms of this Prospectus including, where applicable, the terms of any mandatory provisions of Luxembourg laws and regulations relating to the distribution of the Shares. They shall also abide by the terms of any laws and regulations applicable to them in the country where their activity takes place, including, in particular, any relevant requirements to identify and know their clients. They must not act in any way that would be damaging or onerous on the Fund and/or the Management Company in particular by submitting the Fund and/or the Management Company to regulatory, fiscal or reporting information it would otherwise not have been subject to. They must not hold themselves out as representing the Fund.

For the avoidance of doubt, Investors buying Shares or investing through such other parties (or through sub-distributors, intermediaries and/or brokers/dealers appointed by such other parties) will not be charged fees and expenses by the Company or the Management Company.

Additional Sub-Funds may be established from time to time without the consent of investors in other Sub-Funds. A new Supplement will be added to this Prospectus for each new Sub-Fund established.

7.1.3 Share Classes

The Sub-Funds may offer several Share Classes, as set out in the Supplements. Each Share Class within a Sub-Fund may have different features such as the fee structure, minimum subscription or holding amounts, currency, different hedging techniques or distribution policy or other distinctive features, or be offered or reserved to different types of investors. Investors will be able to choose the Share Class with the features most suitable to their individual circumstances.

Each Share Class may be created for an unlimited or limited duration, as specified in the Supplement. In the latter case, upon expiry of the term, the Fund may extend the duration of the Share Class once or several times. Investors will be notified at each extension. At the expiry of the duration of a Share Class, the Fund will redeem all the Shares in that Share Class. The Supplement will indicate the duration of each Share Class and its extension, where applicable.

Additional Share Classes may be established in any Sub-Fund from time to time without the approval of investors. New Share Classes will be added to the relevant Supplement. Such new Share Classes may be issued on terms and conditions that differ from the existing Share Classes. The list and details of the Share Classes established within each Sub-Fund, if any, are set out in the Supplements. The list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Management Company.

The Share Classes “L” shall be dedicated to certain investors which must be prior approved by the Board of Directors. For certain institutional investors which would not be willing to subscribe the minimum amount requested in other share classes dedicated to institutional investors, the Board of Directors wishes to give them the opportunity to invest in the Fund. However, the Board of Directors wants to analyze the candidates and give its approval prior their subscriptions.

7.1.4 Change of rights, restrictions and characteristics of Sub-Funds and Share Classes

The rights and restrictions attached to Shares may be modified from time to time, subject to the provisions of the Articles of Association. Any changes to the Articles of Association will require a resolution of the general meeting of shareholders, as further described in section 10.2 (Meetings of shareholders) below.

Subject to the above, the Board of Directors may change the characteristics of any existing Sub-Fund, including its objective and policy, or any existing Share Class, without the consent of investors. In accordance with applicable laws and regulations, investors in the Sub-Fund or Share Class will be informed about the changes and, where required, will be given prior notice of any proposed material changes in order for them to request the redemption of their Shares free of redemption charge should they disagree. This Prospectus will be updated as appropriate.

7.2 Dividend distribution policy

Each Sub-Fund may comprise distributing Shares and non-distributing Shares. The Supplement shall indicate whether Shares confer the right to dividend distributions (“Distribution Shares”) or do not confer this right (“Capitalisation Shares”). Distribution Shares and Capitalisation Shares issued within the same Sub-Fund will be represented by different Share Classes.

Capitalisation Shares capitalise their entire earnings. For those Shares, the Board of Directors may, in any given accounting year, propose to the shareholders of the Sub-Fund or Share Class the payment of a dividend out of all or part of that Sub-Fund's or Share Class's net income, capital gains or capital.

Distribution Shares pay dividends. Whenever dividends are distributed to holders of Distribution Shares, their Net Asset Value per Share will be reduced by an amount equal to the amount of the dividend per Share distributed, whereas the Net Asset Value per Share of Capitalisation Shares will remain unaffected by the distribution made to holders of Distribution Shares.

The Fund shall determine how the earnings of Distribution Shares shall be distributed and may declare distributions from time to time, at such time and in relation to such periods as the Fund shall determine, in the form of cash or Shares, in accordance with the dividend distribution policy adopted for such Distribution Shares as described in the Supplement. The dividend distribution policy may vary between Distribution Shares within the same or different Sub-Funds. Dividend distributions are not guaranteed with respect to any Share Class. In any event, no distribution may be made if, as a result, the total Net Asset Value of the Fund would fall below the minimum share capital required by the 2010 Law which is currently EUR 1,250,000.

Unless otherwise requested by an investor, dividends will be reinvested in Shares of the same Share Class and investors will be advised of the details by a dividend statement.

No interest shall be paid on dividend distributions declared by the Fund which have not been claimed. Dividends not claimed within five years of their declaration date will lapse and revert to the relevant Share Class.

7.3 Eligible Investors

Shares may only be acquired or held by investors who satisfy all eligibility requirements for a specific Sub-Fund or Share Class, if any, as specified for the Sub-Fund or Share Class in the Supplement (an Eligible Investor). Certain Sub-Funds or Shares Classes may indeed be reserved to specified categories of investors such as Institutional Investors, investors investing through a specified distribution channel or investors who are residents of or domiciled in specific jurisdictions.

The Board of Directors has decided that any investor not qualifying as an Eligible Investor will be considered as a Prohibited Person, in addition to those persons described in section 7.10 (Prohibited Persons) below. The Fund may decline to issue any Shares and to accept any transfer of Shares, where it appears that such issue or transfer would or might result in Shares being acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. The Fund may compulsorily redeem all Shares held by, on behalf or for the account or benefit of, Prohibited Persons in accordance with the procedure set out in this Prospectus (see section 7.10 (Prohibited Persons) below).

7.4 Subscription for Shares

Applications for subscriptions can be submitted for each Subscription Day provided that a complete application is submitted by the Cut-Off Time for that Subscription Day. Applications will be processed, if accepted, at the Subscription Price applicable to that Subscription Day. The Subscription Price (plus any Subscription Fee) must be settled by the end of the Subscription Settlement Period. The subscription procedure is further described below. Shares will be issued on the Subscription Day and entitled to participate in the Net Asset Value of the Share Class from their issue. The Subscription Day, Cut-Off Time, and Subscription Settlement Period for each Sub-Fund or Share Class are specified in the Supplement.

7.4.1 Subscription application

Shares in any new Sub-Fund or Share Class may be available for subscription during an Initial Offer and will be issued on the first Subscription Day following the Initial Offer at the Initial Offer Price. Information on the Initial Offer and the Initial Offer Price of any new Sub-Fund or Share Class will be set out in the Supplement and available from the Administrator upon request. The Fund may reschedule the Initial Offer and/or amend the Initial Offer Price.

Shares will be available for subscription on each Subscription Day at a Subscription Price equal to the Net Asset Value per Share for that Subscription Day rounded up or down to two (2) decimal places. The Net Asset Value per Share for the Subscription Day at which an application will be processed is unknown to the investors when they place their subscription applications.

The Fund may charge a Subscription Fee on subscriptions for Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below, which will be added to the Subscription Price. The Subscription Fee is equal to a percentage of the Subscription Price or such other amount specified for each Sub-Fund or Share Class in the Supplement, where applicable.

Investors wishing to subscribe for Shares of a Sub-Fund or Share Class will be requested to complete a Subscription Form in which they commit to subscribe and pay for the Shares. The liability of each investor in respect of the Shares subscribed will be limited to the Subscription Price (plus any Subscription Fee). The Subscription Form must be submitted to the Administrator following the instructions on such form. The Subscription Form is available from the Administrator on request.

The Fund will only process subscription applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. The Fund may delay the acceptance of unclear or incomplete applications until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications. No interest will be paid to investors on subscription proceeds received by the Fund prior to receiving clear and complete applications.

Applications must be submitted to the Administrator by the Cut-Off Time for the Subscription Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at the Subscription Price applicable to that Subscription Day. Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Subscription Day. However, the Fund may accept subscription applications received after the Cut-Off Time subject to certain conditions, as set out in section 7.9 (Late trading, market timing and other prohibited practices) below.

The Fund reserves the right to accept or refuse any application in whole or in part at its discretion. Without limitation, the Fund may refuse an application for subscription where the Fund determines that the Shares would or might be held by, on behalf or for the account or benefit of, Prohibited Persons. In such event, subscription proceeds received by the Fund will be returned to the applicant as soon as practicable, at the risks and costs of the applicant, without interest.

The issue of Shares of a Sub-Fund or Share Class may be suspended in the circumstances specified under section 7.8.3 (Temporary suspension of the Net Asset Value calculation) below.

7.4.2 Settlement of subscription

The Subscription Price (plus any Subscription Fee) must be paid in the Reference Currency of the Share Class or, at the request of the investor, in any other currency accepted by the Fund. In the latter case, the Fund will have the subscription proceeds in the other currency converted into the Reference Currency of the Sub-Fund or Share Class, at the risks and costs of the investor, taking into account prevailing currency exchange rates. The Fund may charge a fee for this conversion service. The Fund will process the subscription application by reference to the net proceeds of the conversion into the Reference Currency of the Sub-Fund or Share Class.

Cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) must be received by the Fund by the end of the Subscription Settlement Period specified in the Supplement. Settlement details are available in the Subscription Form.

If the payment of the Subscription Price (plus any Subscription Fee) has not been received by the end of the Subscription Settlement Period, any pending application for Shares may be rejected or, if the application had previously been accepted by the Fund, any allocation of Shares made on the basis of the application may be cancelled by a compulsory redemption of the Shares at the applicable Redemption Price (less any Redemption Fee). The Administrator will inform the applicant that the application has been rejected or the subscription cancelled, as applicable, and the money received after the end of the Subscription Settlement Period, if any, will be returned to the applicant at its risks and costs, without interest.

The Fund reserves the right to require indemnification from the applicant against any losses, costs or expenses arising as a result of any failure to settle the Subscription Price (plus any Subscription Fee) by the end of the Subscription Settlement Period. The Fund may pay such losses, costs or expenses out of the proceeds of any compulsory redemption described above and/or redeem all or part of the investor's other Shares, if any, in order to pay for such losses, costs or expenses.

7.4.3 Subscription in kind

The Fund may agree to issue Shares as consideration for a "contribution in kind" of assets with an aggregate value equal to the Subscription Price (plus any Subscription Fee), provided that such assets comply with the investment objective and policy of the Sub-Fund and any restrictions and conditions imposed by applicable laws and regulations. In accepting or rejecting such a contribution at any given time, the Fund shall take into account the interest of other investors of the Sub-Fund and the principle of fair treatment. To the extent required by applicable laws and regulations, any contribution in kind will be valued independently in a special report issued by the Auditor or any other authorised statutory auditor (*réviseur d'entreprises agréé*) agreed by the Fund. The Fund and the contributing investor will agree on specific settlement procedures. Any costs incurred in connection with a contribution in kind, including the costs of issuing a valuation report, shall be borne by the contributing investor or by such other third party as agreed by the Fund.

7.5 Redemption of Shares

Applications for redemptions can be submitted by investors for each Redemption Day provided that a complete application is submitted by the Cut-Off Time for that Redemption Day. Applications will be processed, if accepted, at the Redemption Price applicable to that Redemption Day. The Redemption Price (less any Redemption Fee) will normally be paid by the end of the Redemption Settlement Period. The redemption procedure is further described below. Shares will be redeemed on the Redemption Day and entitled to participate in the net assets of the Sub-Fund or Share Class until their redemption. The Redemption Day, Cut-Off Time, and Redemption Settlement Period for each Sub-Fund or Share Class are specified in the Supplement.

7.5.1 Redemption application

Investors may apply for redemption of all or any of their Shares on each Redemption Day at a Redemption Price equal to the Net Asset Value per Share for that Redemption Day rounded to two (2) decimal places. The Net Asset Value per Share for the Redemption Day at which an application will be processed is unknown to the investors when they place their redemption applications.

The Fund may charge a Redemption Fee on redemptions of Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below, which will be deducted from the payment of the Redemption Price. The Redemption Fee is equal to a maximum percentage of the Redemption Price or such other amount as specified for each Sub-Fund or Share Class in the Supplement, where applicable.

Investors wishing to redeem their Shares in part or in whole must submit a Redemption Form. The Redemption Form must be submitted to the Administrator following the instructions on such form. The Redemption Form is available from the Administration request.

The Fund will only process redemption applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications.

Applications must be submitted to the Administrator by the Cut-Off Time for the Redemption Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at the Redemption Price applicable to that Redemption Day. Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Redemption Day. However, the Fund may accept redemption applications received after the Cut-Off Time subject to certain conditions, as set out in section 7.9 (Late trading, market timing and other prohibited practices) below.

The redemption of Shares of a Sub-Fund or Share Class shall be suspended whenever the determination of the Net Asset Value per Share of such Sub-Fund or Share Class is suspended by the Fund, as described in section 8.4 (Temporary suspension of the Net Asset Value calculation) below. The redemption of Shares of a Sub-Fund or Share Class may also be suspended in other exceptional cases where the circumstances and the best interest of the investors so require.

7.5.2 Settlement of redemption

Redemption proceeds equal to the full amount of the Redemption Price (less any Redemption Fee) will normally be paid by the end of the Redemption Settlement Period specified in the Supplement. Different settlement procedures may apply in certain jurisdictions in which Shares are distributed due to constraints under local laws and regulations. Investors should contact their local paying agent for further information. The Fund is not responsible for any delays or charges incurred at any receiving bank or clearing system.

Payment of redemption proceeds will be made by wire transfer on the bank account of the redeeming investor and at its risks and costs. Redemption proceeds will be paid in the Reference Currency of the Sub-Fund or the Share Class or, at the request of the investor, in any other currency accepted by the Fund. In the latter case, the Fund will have the net redemption proceeds converted into the other currency at the risks and costs of the investor, taking into account prevailing currency exchange rates. The Fund may charge a fee for this conversion service. The Fund will pay to the investor the net proceeds of the conversion into the other currency.

The Fund reserves the right to postpone the payment of redemption proceeds after the end of the normal Redemption Settlement Period when there is insufficient liquidity due to exceptional circumstances. If redemption proceeds cannot be paid by the end of the Redemption Settlement Period, the payment will be made as soon as reasonably practicable thereafter. The Fund may also delay the settlement of redemptions until reception of all information and supporting documentation deemed necessary to process the application, as described above. In any event, no redemption proceeds will be paid unless and until cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) due but not yet paid for the Shares to be redeemed has been received by the Fund. No interest will be paid to investors on redemption proceeds paid after the end of the Redemption Settlement Period.

7.5.3 Redemption in kind

The Fund may, in order to facilitate the settlement of substantial redemption applications or in other exceptional circumstances, propose to an investor a “redemption in kind” whereby the investor receives a portfolio of assets of the Sub-Fund of equivalent value to the Redemption Price (less any Redemption Fee). In such circumstances the investor must specifically consent to the redemption in kind and may always request a cash redemption payment instead. In proposing or accepting a request for redemption in kind at any given time, the Fund shall take into account the interest of other investors of the Sub-Fund and the principle of fair treatment. Where the investor accepts a redemption in kind, he will receive a selection of assets of the Sub-Fund. To the extent required by applicable laws and regulations, any redemption in kind will be valued independently in a special report issued by the Auditor or any other authorised statutory auditor (*réviseur d'entreprises agréé*) agreed by the Fund. The Fund and the redeeming investor will agree on specific settlement procedures. Any costs incurred in connection with a redemption in kind, including the costs of issuing a valuation report, shall be borne by the redeeming investor or by such other third party as agreed by the Fund or in any other way which the Board of Directors considers fair to all investors of the Sub-Fund.

7.6 Conversion of Shares

Applications for conversions of Shares of any Share Class (called the Original Shares) into Shares of another Share Class of the same or another Sub-Fund (called the New Shares) can be submitted for each Conversion Day provided that a complete application is submitted by the Cut-Off Time for that Conversion Day. The number of New Shares issued upon a conversion will be based on the respective Net Asset Values per Share of the Original Shares and the New Shares for the Conversion Day. The Original Shares will be redeemed and the New Shares will be issued on the Conversion Day. The conversion procedure is further described below.

7.6.1 Conversion application

Unless set out otherwise in the Supplement, investors may apply for conversion of Original Shares into New Shares on each Conversion Day. However, the right to convert the Original Shares is subject to compliance with any investor eligibility requirements applicable to the New Shares. In addition, conversion applications are subject to the provisions on the minimum initial or additional subscription amounts applicable to the New Shares and the minimum holding amount applicable to the Original Shares.

The number of New Shares issued upon a conversion will be based upon the respective Net Asset Values of the Original Shares and the New Shares for the Conversion Day. These Net Asset Values are unknown to the investors when they place their conversion application.

The Fund may charge a Conversion Fee on conversions of Shares, as set out in section 9.1 (Subscription Fee and Redemption Fee) below and specified in the Supplement. For the avoidance of doubt, no Subscription Fee or Redemption Fee will apply on conversions in addition to the Conversion Fee, if any.

Investors wishing to convert their Shares must submit a Conversion Form. The Conversion Form must be submitted to the Administrator following the instructions on such form. The Conversion Form is available from the Administrator on request.

The Fund will only process conversion applications that it considers clear and complete. Applications will be considered complete only if the Fund has received all information and supporting documentation it deems necessary to process the application. The Fund may delay the acceptance of unclear or incomplete applications until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete applications may lead to delays in their execution. The Fund will not accept liability for any loss suffered by applicants as a result of unclear or incomplete applications.

Applications must be submitted to the Administrator by the Cut-Off Time for the Conversion Day, as specified in the Supplement, in order for such applications to be processed, if accepted, at a conversion rate based on the respective Net Asset Values of the Original Shares and the New Shares on the Conversion Day. Applications received after the Cut-Off Time will be treated as deemed applications received by the Cut-Off Time for the next Conversion Day. However, the Fund may accept conversion applications received after the Cut-Off Time subject to certain conditions, as set out in section 7.9 (Late trading, market timing and other prohibited practices) below.

The Fund reserves the right to reject any application for conversion of Shares into New Shares, in whole or in part, including, without limitation, where the Fund decides to close the Sub-Fund or Share Class to new subscriptions or new investors. In any event, no conversion application will be processed unless and until cleared funds equal to the full amount of the Subscription Price (plus any Subscription Fee) for the Original Shares has been received by the Fund.

The conversion of Shares shall be suspended whenever the determination of the Net Asset Value per Share of the Original Shares or the New Shares is suspended by the Fund in accordance with section 8.4 (Temporary suspension of the Net Asset Value calculation) below, or when the redemption of Original Shares or the subscription for New Shares is suspended in accordance with the Articles of Association and this Prospectus.

7.6.2 Conversion rate

The rate at which the Original Shares are converted into New Shares is determined on the basis of the following formula:

$$A = (B \times C \times D) / E$$

where:

- A is the number of New Shares to be allocated;
- B is the number of Original Shares to be converted into New Shares;
- C is the Net Asset Value per Share of the Original Shares for the Conversion Day;
- D is the exchange rate, as determined by the Fund, between the Reference Currency of the Original Shares and that of the New Shares. Where the Reference Currencies are the same, D equals one (1); and
- E is the Net Asset Value per Share of the New Shares for the Conversion Day.

A Conversion Fee may be applied, if and to the extent set out in the Supplement. The Conversion Fee is equal to the positive difference, if any, between the Subscription Fee applicable to the New Shares and the Subscription Fee paid on the Original Shares, or such lower amount as specified for each Share Class in the Supplement, where applicable.

7.7 Transfer of Shares

7.7.1 Conditions and limitations on transfer of Shares

Shares are freely transferable subject to the restrictions set out in the Articles of Association and this Prospectus. In particular, the Fund may deny giving effect to any transfer of Shares if it determines that such transfer would result in the Shares being held by, on behalf or for the account or benefit of, Prohibited Persons.

Subject to the above, the transfer of Shares will normally be given effect by the Fund by way of declaration of transfer entered in the register of shareholders of the Fund following the delivery to the Administrator of an instrument of transfer duly completed and executed by the transferor and the transferee, in a form accepted by the Fund.

The Fund will only give effect to Share transfers that it considers clear and complete. The Administrator may require from the transferor and/or the transferee all of the information and supporting documentation it deems necessary to give effect to the transfer. Investors are advised to contact the Administrator prior to requesting a transfer to ensure that they have all the correct documentation for the transaction. The Fund may delay the acceptance of unclear or incomplete transfer orders until reception of all necessary information and supporting documentation in a form satisfactory to the Fund. Unclear or incomplete transfer orders may lead to delays in their execution. The Fund will not accept liability for any loss suffered by transferors and/or transferees as a result of unclear or incomplete transfer orders.

7.7.2 Trading of Shares on a stock exchange

Shares of certain Share Classes may be listed and admitted to trading on the Luxembourg Stock Exchange or other market segments or stock exchanges as the Fund may determine from time to time. The Supplement will specify if Shares are or are intended to be. Although the Shares must be freely negotiable and transferable upon their listing listed and admission to trading on such stock exchanges (and trades carried out on such stock exchanges cannot be cancelled by the Fund) the restrictions of ownership and conditions on holding Shares (as set out in this Prospectus and the Articles of Association) will nevertheless apply to any person to which Shares are transferred on such stock exchanges. The holding at any time of any Shares by, on behalf of or for the account or benefit of, a Prohibited Person may result in the compulsory redemption of such Shares in accordance with the provisions of this Prospectus and the Articles of Association.

The listing and admission to trading on such stock exchanges does not constitute a warranty or representation by the stock exchange as to the competence of the service providers to or any other party connected with the Fund or the suitability of the Fund for investment or for any other purpose.

7.8 Special considerations

7.8.1 Minimum subscription and holding amounts

The subscription for Shares may be subject to a minimum initial subscription amount and/or additional subscription amount, as specified for each Share Class in the Supplement. The Fund may reject any application for subscription for or conversion into Shares of a Share Class which does not meet the applicable minimum initial subscription amount or additional subscription amount for that Share Class, if any.

In addition, the holding of Shares may be subject to a minimum holding amount, as specified for each Share Class in the Supplement. The Fund may treat any application for redemption or conversion of part of a holding of Shares in a Share Class as a deemed application for redemption or conversion of the entire holding of the redeeming investor in that Share Class if, as a result of such application, the Net Asset Value of the Shares retained by the investor in that Share Class would fall below the applicable minimum holding amount. Alternatively, the Fund may grant a grace period to the investor so as to allow him to increase his holding to at least the minimum holding amount.

The Fund may further deny giving effect to any transfer of Shares if, as a result of such transfer, the Net Asset Value of the Shares retained by the transferor in a Share Class would fall below the minimum holding amount for that Share Class, or if the Net Asset Value of the Shares acquired by the transferee in a Share Class would be less than the minimum initial or additional subscription amounts, as applicable. In such cases, the Fund will notify the transferor that it will not give effect to the transfer of the Shares.

Alternatively, the Fund has the discretion, from time to time, to waive any applicable minimum initial subscription amount, minimum additional subscription amount and/or minimum holding amount provided that investors are treated fairly.

7.8.2 Minimum or maximum level of assets under management

The Fund may decide to cancel the launch of a Sub-Fund or Share Class before the end of the Initial Offer where that Sub-Fund or Share Class has not reached the minimum or expected level of assets under management for such Sub-Fund or Share Class to be operated in an economically efficient manner. In such event, applications for subscription will be refused and subscription proceeds previously received by the Fund will be returned to the applicant.

Where applications for redemptions or conversions out of a Sub-Fund or Share Class on a particular Redemption Day or Conversion Day represent the total number of Shares in issue in that Sub-Fund or Share Class, or the remaining number of Shares in issue after such redemptions or conversions would represent a total Net Asset Value below the minimum level of assets under management required for such Sub-Fund or Share Class to be managed and/or administered in an efficient manner, the Fund may decide to terminate and liquidate the Sub-Fund or Share Class in accordance with the procedure set out in section 10.9 (Liquidation) below. In such a case, all remaining Shares of the Sub-Fund or Share Class will be redeemed.

The Fund may also decide to close a Sub-Fund or Share Class to new subscriptions or new investors where that Sub-Fund or Share Class has reached its maximum or expected level of assets under management. In such event, applications for subscription will be refused, in whole or in part, and subscription proceeds previously received by the Fund will be returned to the applicant.

7.8.3 Suspension of issue, redemption or conversion of Shares

The issue, redemption or conversion of Shares in a Share Class shall be suspended whenever the determination of the Net Asset Value per Share of such Share Class is suspended by the Fund in accordance with section below and in other circumstances specified in the Articles of Association and this Prospectus.

In addition, the issue of Shares of a Share Class may be suspended at the discretion of the Board of Directors, in the best interest of the Fund, notably under other exceptional circumstances.

Suspended subscriptions, redemptions and conversions will be treated as deemed applications for subscriptions, redemptions or conversions in respect of the first Subscription Day, Redemption Day or Conversion Day following the end of the suspension period unless the investors have withdrawn their applications for subscription, redemption or conversion by written notification received by the Fund before the end of the suspension period.

7.8.4 Deferral of redemption or conversion of Shares

If on any given Redemption or Conversion Day, applications for redemption or conversion of Shares out of a Sub-Fund or Share Class represent in aggregate more than ten percent (10%) of the Net Asset Value of the Sub-Fund or Share Class, the Fund may decide that part (on a *pro rata* basis) or all of such requests for redemption or conversion will be deferred to the next or subsequent Redemption or Conversion Days for a period generally not exceeding ten (10) Business Days until the application is processed in full. On a next or subsequent Redemption or Conversion Day, deferred redemption or conversion requests will be met in priority to requests submitted in respect of such Redemption Day or Conversion Day.

The Fund also reserves the right to postpone the payment of redemption proceeds after the end of the normal Redemption Settlement Period in accordance with the provisions set out in section 7.5 (Redemption of Shares) above.

As an alternative to deferring applications for redemptions, the Fund may propose to an investor, who accepts, to settle a redemption application, in whole or in part, by a distribution in kind of certain assets of the Sub-Fund or Share Class in lieu of cash, subject to the conditions set out in section 7.5 (Redemption of Shares) above.

7.9 Late trading, market timing and other prohibited practices

The Fund does not permit late trading practices as such practices may adversely affect the interests of investors. In general, late trading is to be understood as the acceptance of a subscription, redemption or conversion order for Shares after the Cut-Off Time for a Subscription, Redemption or Conversion Day and the execution of such order at a price based on the Net Asset Value applicable to such same day.

Subscriptions and conversions of Shares should be made for investment purposes only. The Fund does not permit market timing or other excessive trading practices. Market timing is to be understood as an arbitrage method by which an investor systematically subscribes and redeems or converts Shares of the same Sub-Fund or Share Class within a short time period, by taking advantage of time differences and/or imperfections or deficiencies in the method of determination of the Net Asset Value. Excessive, short-term (market timing) trading practices may disrupt portfolio management strategies and harm fund performance. To minimise harm to the Fund and other investors, the Fund has the right to reject any subscription or conversion order, or levy in addition to any Subscription Fee, Redemption Fee or Conversion Fee which may be charged according to the Supplement, a fee of up to two percent (2%) of the value of the order for the benefit of the Sub-Fund or Share Class, from any investor who is engaging or is suspected of engaging in excessive trading, or has a history of excessive trading, or if an investor's trading, in the opinion of the Board of Directors, has been or may be disruptive to the Fund. In making this judgment, the Board of Directors may consider trading done in multiple accounts under common ownership or control.

The Fund also has the power to compulsorily redeem all Shares held by, on behalf or for the account or benefit of, an investor who is or has been engaged in, or is suspected of being engaged in, late trading, market timing or other excessive trading, in accordance with the procedure set out in this Prospectus. The Board of Directors considers such persons as Prohibited Persons.

The Fund will not be held liable for any loss resulting from rejected orders or compulsory redemptions.

7.10 Prohibited Persons

The Articles of Association give powers to the Board of Directors to restrict or prevent the legal or beneficial ownership of Shares or prohibit certain practices such as late trading and market timing by any person (individual, corporation, partnership or other entity), if in the opinion of the Board of Directors such ownership or practices may (i) result in a breach of any provisions of the Articles of Association, the Prospectus or the laws or regulations of any jurisdiction, or (ii) require the Fund, the Management Company to be registered under any laws or regulations whether as an investment fund or otherwise, or cause the Fund to be required to comply with any registration requirements in respect of any of its Shares, whether in the United States of America or any other jurisdiction, or (iii) may cause the Fund, the Management Company or the investors any legal, regulatory, taxation, administrative or financial disadvantages which they would not have otherwise incurred (a Prohibited Person).

The Board of Directors has decided that US Persons would be considered as Prohibited Persons. By signing a Subscription Form, an applicant will certify, represent, warrant and agree that he is not a US Person or that the Shares applied for are not being acquired directly or indirectly by, on behalf or for the account or benefit of, a US Person. An applicant will further certify, represent, warrant and agree that the applicant will notify the Administrator or the Fund (as the case may be) in the event that either the applicant becomes a US Person or holds the Shares on behalf of, or for the account or benefit of, a US Person. If an applicant's status changes and it becomes a US Person, it must notify the relevant party as mentioned above within thirty (30) days.

The Board of Directors has also decided that any person not qualifying as an Eligible Investor will be considered as a Prohibited Person.

Furthermore, the Board of Directors has decided that any person who is or has been engaged in, or is suspected of being engaged in, late trading, market timing or other excessive trading, directly or indirectly, as described in section 7.9 (Late trading, market timing and other prohibited practices) above, will be considered as a Prohibited Person.

The Fund may decline to issue any Shares and to accept any transfer of Shares, where it appears that such issue or transfer would or might result in Shares being acquired or held by, on behalf or for the account or benefit of, Prohibited Persons. The Fund may require at any time any investor or prospective investor to provide the Fund with any information, together with supporting documentation, which the Fund may consider necessary for the purpose of determining whether the issue or transfer would result in Shares being held by, on behalf or for the account or benefit of, a Prohibited Person.

The Fund may compulsorily redeem all Shares held by, on behalf or for the account or benefit of, Prohibited Persons. In such cases, the Fund will notify the investor of the reasons which justify the compulsory redemption of Shares, the number of Shares to be redeemed and the indicative Redemption Day on which the compulsory redemption will occur.

The Redemption Price shall be determined in accordance with section 7.5 (Redemption of Shares) above.

The Fund may also grant a grace period to the investor for remedying the situation causing the compulsory redemption, for instance by transferring the Shares to one or more investors who are not Prohibited Persons and do not act on behalf or for the account or benefit of, Prohibited Persons, and/or propose to convert the Shares held by any investor who fails to satisfy the investor eligibility requirements for a Shares Class into Shares of another Share Class available for such investor.

The Fund reserves the right to require the investor to indemnify the Fund against any losses, costs or expenses arising as a result of any Shares being held by, on behalf or for the account or benefit of, a Prohibited Person. The Fund may pay such losses, costs or expenses out of the proceeds of any compulsory redemption described above and/or redeem all or part of the investor's other Shares, if any, in order to pay for such losses, costs or expenses.

7.11 Prevention of money laundering

The Fund must comply with applicable international and Luxembourg laws and regulations regarding the prevention of money laundering and terrorist financing, including in particular with the 2004 Law, and implementing regulations and CSSF circulars adopted from time to time. In particular, anti-money laundering measures in force in the Grand Duchy of Luxembourg require the Fund, on a risk sensitive basis, to establish and verify the identity of subscribers for Shares (as well as the identity of any intended beneficial owners of the Shares if they are not the subscribers) and the origin of subscription proceeds and to monitor the business relationship on an ongoing basis.

Subscribers for Shares will be required to provide to the Administrator the information set out in the Subscription Form, depending on their legal form (individual, corporate or other category of subscriber).

The Administrator is required to establish anti-money laundering controls and may require from subscribers for Shares all documentation deemed necessary to establish and verify this information. The Administrator has the right to request additional information until the Administrator is reasonably satisfied it understands the identity and economic purpose of the subscriber. Furthermore, any investor is required to notify the Administrator prior to the occurrence of any change in the identity of any beneficial owner of Shares. The Fund and the Administrator may require from existing investor, at any time, additional information together with all supporting documentation deemed necessary for the Fund to comply with anti-money laundering measures in force in the Grand Duchy of Luxembourg.

Depending on the circumstances of each application, a simplified customer due diligence might be applicable, where a subscriber is a credit institution or financial institution governed by the 2004 Law or a credit or financial institution, within the meaning of Directive 2005/60/EC, of another EU/EEA Member State or situated in a third country which imposes requirements equivalent to those laid down in the 2004 Law or in Directive 2005/60/EC and is supervised for compliance with those requirements. These procedures will only apply if the credit or financial institution referred to above is located within a country recognised by the Fund as having equivalent anti-money laundering regulations to the 2004 Law.

Failure to provide information or documentation deemed necessary for the Fund to comply with anti-money laundering measures in force in the Grand Duchy of Luxembourg may result in delays in, or rejection of, any subscription or conversion application and/or delays in any redemption application.

8. VALUATION AND NET ASSET VALUE CALCULATION

The Net Asset Value of each Sub-Fund and Share Class is determined by performing a valuation of the assets and liabilities of the Fund and allocating them to the Sub-Funds and Share Classes, in order to calculate the Net Asset Value per Share of each Share Class of each Sub-Fund. The method for the valuation of the assets and liabilities, the allocation to the Sub-Funds and Share Classes, and the calculation of the Net Asset Value is set out in the Articles of Association and is also described in this section of the Prospectus.

8.1 Calculation of the Net Asset Value

The Net Asset Value per Share shall be determined by the Administrator on each Valuation Day as specified for each Sub-Fund in the Supplement and at least twice a month. It shall be calculated by dividing the Net Asset Value of the Share Class of a Sub-Fund by the total number of Shares of such Share Class in issue on that Valuation Day. The Net Asset Value per Share shall be expressed in the Reference Currency of the Share Class and may be rounded up or down to two (2) decimal places.

The Net Asset Value of a Share Class is equal to the value of the assets allocated to such Share Class within a Sub-Fund less the value of the liabilities allocated to such Share Class on each Valuation Day, both calculated according to the valuation procedure described below.

The Net Asset Value of a Sub-Fund is equal to the value of the assets allocated to such Sub-Fund less the value of the liabilities allocated to such Sub-Fund on each Valuation Day in the Reference Currency of the Sub-Fund, both calculated according to the valuation procedure described below.

The Net Asset Value of the Fund will at all times be equal to the sum of the Net Asset Values of all Sub-Funds expressed in the Reference Currency of the Fund. The Net Asset Value of the Fund must at all times be at least equal to the minimum share capital required by the 2010 Law which is currently 1,250,000 EUR, except during the first six (6) months after the approval of the Fund by the CSSF.

8.2 Valuation procedure

8.2.1 General

The assets and liabilities of the Fund will be valued in accordance with the Articles of Association and the provisions outlined below.

The Board of Directors may apply in good faith and in accordance with generally accepted valuation principles and procedures other valuation principles or alternative methods of valuation that it considers appropriate in order to determine the probable realisation value of any asset if applying the rules described below appears inappropriate or impracticable.

The Board of Directors may adjust the value of any asset if the Board of Directors determines that such adjustment is required to reflect its fair value taking into account its denomination, maturity, liquidity, applicable or anticipated interest rates or dividend distributions or any other relevant considerations.

For the purpose of calculating the Net Asset Value in accordance with the valuation principles set out below, the Board of Directors has authorised the Administrator to rely in whole or in part upon valuations provided by available pricing sources for the relevant asset, including data vendors and pricing agencies (such as Bloomberg or Reuters), fund administrators, brokers, dealers and valuation specialists, provided that such pricing sources are considered reliable and appropriate and provided that there is no manifest error or negligence in such valuations. In the event that valuations are not available or valuations may not correctly be assessed using such pricing sources, the Administrator will rely upon valuation methods and determinations provided by the Board of Directors.

The Board of Directors and the Administrator may consult with and seek the advice of the Management Company in valuing the Fund's assets. Where the Board of Directors considers it necessary, it may seek the assistance of a valuation committee whose task will be the prudent estimation of certain assets' values in good faith.

In the absence of fraud, bad faith, negligence or manifest error, any decision taken in accordance with the Articles of Association and the Prospectus by the Board of Directors or any agent appointed by the Board of Directors in connection with the valuation of the Fund's assets and the calculation of the Net Asset Value of the Fund, a Sub-Fund or a Share Class, the Net Asset Value per Share will be final and binding on the Fund and on all investors, and neither the Board of Directors nor any agent appointed by the Board of Directors shall incur any individual liability or responsibility for any determination made or other action taken or omitted by them in this connection.

8.2.2 Assets of the Fund

Subject to the rules on the allocation to Sub-Funds and Share Classes below, the assets of the Fund shall include the following:

- 1) all cash on hand or on deposit, including any outstanding accrued interest;
- 2) all bills and any types of notes or accounts receivable, including outstanding proceeds of any disposal of financial instruments;
- 3) all securities and financial instruments, including shares, bonds, notes, certificates of deposit, debenture stocks, options or subscription rights, warrants, Money Market Instruments and all other investments belonging to the Fund;
- 4) all dividends and distributions payable to the Fund either in cash or in the form of stocks and shares (which will normally be recorded in the Fund's books as of the ex- dividend date, provided that the Fund may adjust the value of the security accordingly);
- 5) all outstanding accrued interest on any interest-bearing instruments belonging to the Fund, unless this interest is included in the principal amount of such instruments;
- 6) the formation expenses of the Fund or a Sub-Fund, to the extent that such expenses have not already been written off; and
- 7) all other assets of any kind and nature including expenses paid in advance.

8.2.3 Liabilities of the Fund

Subject to the rules on the allocation to Sub-Funds and Share Classes below, the liabilities of the Fund shall include the following:

- 1) all loans, bills or accounts payable, accrued interest on loans (including accrued fees for commitment for such loans);
- 2) all known liabilities, whether or not already due, including all contractual obligations that have reached their term, involving payments made either in cash or in the form of assets, including the amount of any dividends declared by the Fund but not yet paid;
- 3) a provision for any tax accrued to the Valuation Day and any other provisions authorised or approved by the Fund; and
- 4) all other liabilities of the Fund of any kind recorded in accordance with applicable accounting rules, except liabilities represented by Shares. In determining the amount of such liabilities, the Fund will take into account all expenses, fees, costs and charges payable by the Fund as set out in section 9 (Fees and expenses) below.

Adequate provisions shall be made for unpaid administrative and other expenses of a regular or recurring nature based on an estimated amount accrued for the applicable period. Any off-balance sheet liabilities shall duly be taken into account in accordance with fair and prudent criteria.

The fees and expenses incurred in connection with the formation of the Fund will be borne by the Fund and may be amortised over a period of up to five (5) years. The formation expenses of each new Sub-Fund will be borne by such Sub-Fund and may be amortised over a period of up to five (5) years. New Sub-Funds created after the incorporation and launch of the Fund will not participate in the non-amortised costs of establishment of the Fund.

8.2.4 Valuation principles

In accordance with the Articles of Association, the valuation of the assets of the Fund will be conducted as follows:

- 1) The value of any cash on hand or on deposit, bills or notes payable, accounts receivable, prepaid expenses, cash dividends and interest accrued but not yet received shall be equal to the entire nominal or face amount thereof, unless the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the Board of Directors may consider appropriate in such case to reflect the true value thereof.
- 2) Transferable Securities and Money Market Instruments which are quoted, listed or traded on an exchange or regulated market will be valued, unless otherwise provided under paragraphs 3) and 6) below, at the last available market price or quotation, prior to the time of valuation, on the exchange or regulated market where the securities or instruments are primarily quoted, listed or traded. Where securities or instruments are quoted, listed or traded on more than one exchange or regulated market, the Board of Directors will determine on which exchange or regulated market the securities or instruments are primarily quoted, listed or traded and the market prices or quotations on such exchange or regulated market will be used for the purpose of their valuation. Transferable Securities and Money Market Instruments for which market prices or quotations are not available or representative, or which are not quoted, listed or traded on an exchange or regulated market, will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.

- 3) Notwithstanding paragraph 2) above, where permitted under applicable laws and regulations, Money Market Instruments may be valued using an amortisation method whereby instruments are valued at their acquisition cost as adjusted for amortisation of premium or accrual of discount on a constant basis until maturity, regardless of the impact of fluctuating interest rates on the market value of the instruments. The amortisation method will only be used if it is not expected to result in a material discrepancy between the market value of the instruments and their value calculated according to the amortisation method.
- 4) Financial derivative instruments which are quoted, listed or traded on an exchange or regulated market will be valued at the last available closing or settlement price or quotation, prior to the time of valuation, on the exchange or regulated market where the instruments are primarily quoted, listed or traded. Where instruments are quoted, listed or traded on more than one exchange or regulated market, the Board of Directors will determine on which exchange or regulated market the instruments are primarily quoted, listed or traded and the closing or settlement prices or quotations on such exchange or regulated market will be used for the purpose of their valuation. Financial derivative instruments for which closing or settlement prices or quotations are not available or representative will be valued at their probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.
- 5) Financial derivative instruments which are traded “over-the-counter” (OTC) will be valued daily at their fair market value, on the basis of valuations provided by the counterparty which will be approved or verified on a regular basis independently from the counterparty. Alternatively, OTC financial derivative instruments may be valued on the basis of independent pricing services or valuation models approved by the Board of Directors which follow international best practice and valuation principles. Any such valuation will be reconciled to the counterparty valuation on a regular basis independently from the counterparty, and significant differences will be promptly investigated and explained.
- 6) Notwithstanding paragraph 2) above, shares or units in target investment funds (including UCITS and UCI) will be valued at their latest available official net asset value, as reported or provided by or on behalf of the investment fund or at their latest available unofficial or estimated net asset value if more recent than the latest available official net asset value, provided that the Board of Directors is satisfied of the reliability of such unofficial net asset value. The Net Asset Value calculated on the basis of unofficial net asset values of the target investment fund may differ from the Net Asset Value which would have been calculated, on the same Valuation Day, on the basis of the official net asset value of the target investment fund. Alternatively, shares or units in target investment funds which are quoted, listed or traded on an exchange or regulated market may be valued in accordance with the provisions of paragraph 2) above.
- 7) The value of any other asset not specifically referenced above will be the probable realisation value estimated with care and in good faith by the Board of Directors using any valuation method approved by the Board of Directors.

8.2.5 Allocation of assets and liabilities to Sub-Funds and Share Classes

Assets and liabilities of the Fund will be allocated to each Sub-Fund and Share Class in accordance with the provisions of the Articles of Association, as set out below, and the Supplement of the Sub-Fund.

- 1) The proceeds from the issue of Shares of a Sub-Fund or Share Class, all assets in which such proceeds are invested or reinvested and all income, earnings, profits or assets attributable to or deriving from such investments, as well as all increase or decrease in the value thereof, will be allocated to that Sub-Fund or Share Class and recorded in its books. The assets allocated to each Share Class of the same Sub-Fund will be invested together in accordance with the investment objective, policy, and strategy of that Sub-Fund, subject to the specific features and terms of issue of each Share Class of that Sub-Fund, as specified in its Supplement (see section 7.1 (Shares, Sub-Funds and Share Classes) above)
- 2) All liabilities of the Fund attributable to the assets allocated to a Sub-Fund or Share Class or incurred in connection with the creation, operation or liquidation of a Sub-Fund or Share Class will be charged to that Sub-Fund or Share Class and, together with any increase or decrease in the value thereof, will be allocated to that Sub-Fund or Share Class and recorded in its books. In particular and without limitation, the costs and any benefit of any Share Class specific feature will be allocated solely to the Share Class to which the specific feature relates.
- 3) Any assets or liabilities not attributable to a particular Sub-Fund or Share Class may be allocated by the Board of Directors in good faith and in a manner which is fair to investors generally and will normally be allocated to all Sub-Funds or Share Classes *pro rata* to their Net Asset Value.

Subject to the above, the Board of Directors may at any time vary the allocation of assets and liabilities previously allocated to a Sub-Fund or Share Class.

8.2.6 Additional rules for assets and liabilities of the Fund

In calculating the Net Asset Value of each Sub-Fund or Share Class the following principles will apply.

- 1) Each Share agreed to be issued by the Fund on each Subscription Day will be deemed to be in issue and existing immediately after the time of valuation on the Subscription Day. From such time and until the Subscription Price is received by the Fund, the assets of the Sub-Fund or Share Class concerned will be deemed to include a claim of that Sub-Fund or Share Class for the amount of any cash or other property to be received in respect of the issue of such Shares. The Net Asset Value of the Sub-Fund or Share Class will be increased by such amount immediately after the time of valuation on the Subscription Day.
- 2) Each Share agreed to be redeemed by the Fund on each Redemption Day will be deemed to be in issue and existing until and including the time of valuation on the Redemption Day. Immediately after the time of valuation and until the Redemption Price is paid by the Fund, the liabilities of the Sub-Fund or Share Class concerned will be deemed to include a debt of that Sub-Fund or Share Class for the amount of any cash or other property to be paid in respect of the redemption of such Shares. The Net Asset Value of the Sub-Fund or Share Class will be decreased by such amount immediately after the time of valuation on the Redemption Day.
- 3) Following a declaration of dividends for Distribution Shares on a Valuation Day determined by the Fund to be the distribution accounting date, the Net Asset Value of the Sub-Fund or Share Class will be decreased by such amount as of the time of valuation on that Valuation Day.

- 4) Where assets have been agreed to be purchased or sold but such purchase or sale has not been completed at the time of valuation on a given Valuation Day, such assets will be included in or excluded from the assets of the Fund, and the gross purchase price payable or net sale price receivable will be excluded from or included in the assets of the Fund, as if such purchase or sale had been duly completed at the time of valuation on that Valuation Day, unless the Fund has reason to believe that such purchase or sale will not be completed in accordance with its terms. If the exact value or nature of such assets or price is not known at the time of valuation on the Valuation Day, its value will be estimated by the Fund in accordance with the valuation principles described above.
- 5) The value of any asset or liability denominated or expressed in a currency other than the Reference Currency of the Fund, Sub-Fund or Share Class will be converted, as applicable, into the Reference Currency of the Fund, Sub-Fund or Share Class at the prevailing foreign exchange rate at the time of valuation on the Valuation Day concerned which the Board of Directors considers appropriate.

8.2.7 Adjustments

In certain circumstances, subscriptions, redemptions, and conversions in a Sub-Fund may have a negative impact on the Net Asset Value per Share. Where subscriptions, redemptions, and conversions in a Sub-Fund cause the Sub-Fund to buy and/or sell underlying investments, the value of these investments may be affected by bid/offer spreads, trading costs and related expenses including transaction charges, brokerage fees, and taxes. This investment activity may have a negative impact on the Net Asset Value per Share called “dilution”. In order to protect existing or remaining investors from the potential effect of dilution, the Fund may apply a “swing pricing” methodology and an anti-dilution levy as further explained below. The swing pricing methodology and the anti-dilution levy are not expected to apply at the same time to subscription and/or redemption orders in respect of the same Valuation Day, except in extraordinary market circumstances as determined by the Board of Directors.

The Fund may apply a so-called “swing pricing” methodology which adjusts the Net Asset Value per Share to account for the aggregate costs of buying and/or selling underlying investments. The Net Asset Value per Share will be adjusted by a certain percentage set by the Board of Directors from time to time for each Sub-Fund called the “swing factor” which represents the estimated bid-offer spread of the assets in which the Sub-Fund invests and estimated tax, trading costs, and related expenses that may be incurred by the Sub-Fund as a result of buying and/or selling underlying investments (called the Swing Factor). As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, the Swing Factor may be different for net subscriptions and net redemptions in a Sub-Fund. Generally, the Swing Factor will not exceed two percent (2%) of the Net Asset Value per Share unless otherwise set out for each Sub-Fund in the Supplement. A periodical review will be undertaken in order to verify the appropriateness of the Swing Factor in view of market conditions.

The Board of Directors will determine if a partial swing or full swing is adopted. If a partial swing is adopted, the Net Asset Value per Share will be adjusted upwards or downwards if net subscriptions or redemptions in a Sub-Fund exceed a certain threshold set by the Board of Directors from time to time for each Sub-Fund (called the Swing Threshold). If a full swing is adopted, no Swing Threshold will apply. The Swing Factor will have the following effect on subscriptions or redemptions:

- 1) on a Sub-Fund experiencing levels of net subscriptions on a Valuation Day (i.e. subscriptions are greater in value than redemptions) (in excess of the Swing Threshold, where applicable) the Net Asset Value per Share will be adjusted upwards by the Swing Factor; and
- 2) on a Sub-Fund experiencing levels of net redemptions on a Valuation Day (i.e. redemptions are greater in value than subscriptions) (in excess of the Swing Threshold, where applicable) the Net Asset Value per Share will be adjusted downwards by the Swing Factor.

The volatility of the Net Asset Value of the Sub-Fund might not reflect the true portfolio performance (and therefore might deviate from the Sub-Fund's benchmark, where applicable) as a consequence of the application of swing pricing.

An extra charge may also be levied by the Fund on investors subscribing or redeeming Shares to account for the aggregate costs of buying and/or selling underlying investments related to such subscriptions or redemptions (called the Anti-Dilution Levy). The rate of the Anti-Dilution Levy will be set by the Board of Directors from time to time for each Sub-Fund so as to represent the estimated bid-offer spread of the assets in which the Sub-Fund invests and estimated tax, trading costs, and related expenses that may be incurred by the Sub-Fund as a result of buying and/or selling underlying investments. Generally, the Anti-Dilution Levy will not exceed five percent (5%) of the Net Asset Value per Share unless otherwise set out for each Sub-Fund in the Supplement. A periodical review will be undertaken in order to verify the appropriateness of the Anti-Dilution Levy in view of market conditions.

The Board of Directors will determine if the Anti-Dilution Levy will apply to all investors subscribing or redeeming Shares on a Valuation Day or if the Anti-Dilution Levy will apply only on a Valuation Day where net subscriptions or redemptions in a Sub-Fund exceed a certain threshold set by the Board of Directors from time to time for each Sub-Fund (called the Anti-Dilution Threshold). The Anti-Dilution Levy will have the following effect on subscriptions or redemptions:

- 1) on a Sub-Fund experiencing levels of net subscriptions on a Valuation Day (i.e. subscriptions are greater in value than redemptions) (in excess of the Anti-Dilution Threshold, if applicable) the Anti-Dilution Levy will be added as a premium to the Subscription Price; and
- 2) on a Sub-Fund experiencing levels of net redemptions on a Valuation Day (i.e. redemptions are greater in value than subscriptions) (in excess of the Anti-Dilution Threshold, if applicable) the Anti-Dilution Levy will be deducted as a discount to the Redemption Price.

The Anti-Dilution Levy will be allocated to the assets of the Sub-Fund and will, therefore, benefit the existing or remaining investors.

8.3 Publication of the Net Asset Value

The publication of the Net Asset Values will take place on the next Business Day after a Valuation Day unless otherwise provided for in the Supplement. The Net Asset Value per Share of each Share Class within each Sub-Fund will be available from the Administrator during normal business hours and published on <https://www.fundsquare.net/homepage>.

8.4 Temporary suspension of the Net Asset Value calculation

The Board of Directors, upon consultation with the Management Company, may temporarily suspend the calculation and publication of the Net Asset Value per Share of any Share Class in any Sub-Fund and/or where applicable, the issue, redemption and conversion of Shares of any Share Class in any Sub-Fund in the following cases:

- 1) when any exchange or regulated market that supplies the price of the assets of a Sub-Fund is closed, or in the event that transactions on such exchange or market are suspended, subject to restrictions, or impossible to execute in volumes allowing the determination of fair prices;
- 2) when the information or calculation sources normally used to determine the value of the assets of a Sub-Fund are unavailable;
- 3) during any period when any breakdown or malfunction occurs in the means of communication network or IT media normally employed in determining the price or value of the assets of a Sub-Fund, or which is required to calculate the Net Asset Value per Share;
- 4) when exchange, capital transfer or other restrictions prevent the execution of transactions of a Sub-Fund or prevent the execution of transactions at normal rates of exchange and conditions for such transactions;
- 5) when exchange, capital transfer or other restrictions prevent the repatriation of assets of a Sub-Fund for the purpose of making payments on the redemption of Shares or prevent the execution of such repatriation at normal rates of exchange and conditions for such repatriation;
- 6) when the legal, political, economic, military or monetary environment, or an event of force majeure, prevent the Fund from being able to manage the assets of a Sub-Fund in a normal manner and/or prevent the determination of their value in a reasonable manner;
- 7) when there is a suspension of the net asset value calculation or of the issue, redemption or conversion rights by the investment fund(s) in which a Sub-Fund is invested;
- 8) following the suspension of the net asset value calculation and/or the issue, redemption and conversion at the level of a Master Fund in which a Sub-Fund invests as a Feeder Fund;
- 9) when, for any other reason, the prices or values of the assets of a Sub-Fund cannot be promptly or accurately ascertained or when it is otherwise impossible to dispose of the assets of the Sub-Fund in the usual way and/or without materially prejudicing the interests of investors;
- 10) in the event of a notice to shareholders of the Fund convening an extraordinary general meeting of shareholders for the purpose of dissolving and liquidating the Fund or informing them about the termination and liquidation of a Sub-Fund or Share Class, and more generally, during the process of liquidation of the Fund, a Sub-Fund or Share Class;
- 11) during the process of establishing exchange ratios in the context of a merger, a contribution of assets, an asset or share split or any other restructuring transaction;

- 12) during any period when the dealing of the Shares of a Sub-Fund or Share Class on any relevant stock exchange where such Shares are listed is suspended or restricted or closed; and
- 13) in exceptional circumstances, whenever the Board of Directors considers it necessary in order to avoid irreversible negative effects on the Fund, a Sub-Fund or Share Class, in compliance with the principle of fair treatment of investors in their best interests.

In the event of exceptional circumstances which could adversely affect the interest of investors or where significant requests for subscription, redemption or conversion of Shares are received for a Sub-Fund or Share Class, the Board of Directors reserves the right to determine the Net Asset Value per Share for that Sub-Fund or Share Class only after the Fund has completed the necessary investments or divestments in securities or other assets for the Sub-Fund or Share Class concerned.

The issue, redemption and conversion of Shares in the any Share Class will also be suspended during any such period when the Net Asset Value of such Share Class is not calculated and published.

Any decision to suspend the calculation and publication of the Net Asset Value per Share and/or where applicable, the issue, redemption and conversion of Shares of a Share Class, will be published on <https://www.fundsquare.net/homepage> and/or communicated to investors through any means as required by applicable laws and regulations in Luxembourg and other jurisdictions where the Shares are distributed.

The suspension of the calculation of the Net Asset Value and/or, where applicable, of the subscription, redemption and/or conversion of Shares in any Sub-Fund or Share Class will have no effect on the calculation of the Net Asset Value and/or, where applicable, of the subscription, redemption and/or conversion of Shares in any other Sub-Fund or Share Class.

Suspended subscription, redemption, and conversion applications will be treated as deemed applications for subscriptions, redemptions or conversions in respect of the first Subscription Day, Redemption Day or Conversion Day following the end of the suspension period unless the investors have withdrawn their applications for subscription, redemption or conversion by written notification received by the Administrator before the end of the suspension period.

9. FEES AND EXPENSES

9.1 Subscription Fee and Redemption Fee

Subscriptions for Shares may be subject to a Subscription Fee and redemptions of Shares may be subject to a Redemption Fee both calculated as specified in the Supplement, where applicable. Conversions of Shares may be subject to a Conversion Fee calculated as specified in the Supplement, where applicable. For the avoidance of doubt, no Subscription Fee or Redemption Fee will apply on conversions in addition to the Conversion Fee, if any.

The Subscription Fee, Redemption Fee and Conversion Fee will be paid to the Fund. The Fund may in its discretion waive all or part of the Subscription Fee or Conversion Fee.

Should a Sub-Fund qualify as a Master Fund, no Subscription Fee, Redemption Fee or Conversion Fee will be charged in respect of subscription, redemption or conversion requests of any Feeder Fund of that Master Fund.

Banks and other financial intermediaries appointed by or acting on behalf of the investors may charge administration and/or other fees or commissions to the investors pursuant to arrangements between those banks or other financial intermediaries and the investors. The Fund has no control over such arrangements.

An extra charge referred to as the Anti-Dilution Levy may be levied by the Fund on investors subscribing for or redeeming Shares to account for the aggregate costs of buying and/or selling underlying investments related to such subscriptions or redemptions, as described in section 8.2 (Valuation procedure) above.

9.2 Management

The Management Company will be entitled to an annual fee equal to a percentage of the Net Asset Value of each Sub-Fund. The Management Fee is calculated as a percentage of the average Net Asset Value of each Sub-Fund, subject to a minimum fee per annum and per Sub-Fund with commitment approach of EUR 17,000 and EUR 1,000 per month per Sub-Fund using the VaR approach, as specified in the Supplement for each Sub-Fund.

In addition, the Management Company will receive a fee of EUR 2,000 per annum to be paid out of the assets of each Sub-Fund without exceeding EUR 10,000 per year at the level of the Fund. The Management Fee will be paid out of the assets of the Fund and allocated to each Sub-Fund (as described in section 8.2.5 (Valuation procedure) above). The Management Fee will accrue on each Valuation Day and will be payable at the rate specified in the Supplement for each Sub-Fund. The Management Company will also be entitled to reimbursement of reasonable cash disbursements and out-of-pocket expenses properly incurred in carrying out its duties.

9.3 Investment Management Fee

The Management Company, for its investment management services, will be entitled to an annual fee equal to a percentage of the Net Asset Value of each Sub-Fund or Share Class consistent with market practice, subject to a maximum annual rate as set out in the Supplement for each Sub-Fund or Share Class. The Investment Management fee will accrue on each Valuation Day and will be payable monthly in arrears.

9.4 Fees of the Depositary and Principal Paying Agent and the Administrator

The Fund will pay to the Depositary and Principal Paying Agent and the Administrator an annual fee which will vary from 0.0125% of the Net Asset Value to a maximum of 2% of the Net Asset Value per Sub-Fund subject to a minimum fee of EUR 61,820 at the Fund level. These fees are payable on a monthly basis and do not include any transaction related fees and costs of sub-custodians or similar agents. The Depositary and Principal Paying Agent and the Administrator are also entitled to be reimbursed for their reasonable disbursements and out of pocket expenses which are not included in the above mentioned fees.

The amount paid by the Fund to the Depositary and Principal Paying Agent and the Administrator will be disclosed in the annual report of the Fund.

9.5 Directors' expenses

The Fund will reimburse the members of the Board of Directors for appropriate insurance coverage and expenses and other costs incurred by the members of the Board of Directors in the performance of their duties, including reasonable out-of-pocket expenses, traveling costs incurred to attend meetings of the Board of Directors, and any costs of legal proceedings unless such costs are caused by intentional or grossly negligent conduct by the member of the Board of Directors in question.

9.6 Operating and Administrative Expenses

The Fund bears all ordinary operating costs and expenses incurred in the operation of the Fund or any Sub-Fund or Share Class (“**Operating and Administrative Expenses**”) including but not limited to costs and expenses incurred in connection with:

- 1) preparing, producing, printing, depositing, publishing and/or distributing any documents relating to the Fund, a Sub-Fund or Share Class that are required by applicable laws and regulations (such as the Articles of Association, this Prospectus, key investor information documents, financial reports and notices to investors) or any other documents and materials made available to investors (such as explanatory memoranda, statements, reports, factsheets and similar documents);
- 2) organising and holding general meetings of shareholders and preparing, printing, publishing and/or distributing notices and other communications to shareholders;
- 3) professional advisory services (such legal, tax, accounting, compliance, auditing and other advisory services) taken by the Fund or the Management Company on behalf of the Fund;
- 4) investment services taken and/or data obtained by the Fund or the Management Company on behalf of the Fund (including fees and expenses incurred in obtaining investment research, systems and other services or data utilised for portfolio and risk management purposes);
- 5) the authorisation of the Fund, the Sub-Funds and Share Classes, regulatory compliance obligations and reporting requirements of the Fund (such as administrative fees, filing fees, insurance costs and other types of fees and expenses incurred in the course of regulatory compliance), and all types of insurance obtained on behalf of the Fund and/or the members of the Board of Directors;
- 6) initial and ongoing obligations relating to the registration and/or listing of the Fund, a Sub-Fund or Share Class and the distribution of Shares in Luxembourg and abroad (such as fees charged by and expenses payable to financial regulators, distributors, correspondent banks, representatives, listing agents, paying agents, fund platforms, and other agents and/or service providers appointed in this context, as well as advisory, legal, and translation costs);
- 7) memberships or services provided by international organisations or industry bodies such as the Association of the Luxembourg Fund Industry (ALFI);
- 8) taxes, charges and duties payable to governments and local authorities (including the Luxembourg annual subscription tax (*taxe d’abonnement*) and any other taxes payable on assets, income or expenses) and any value added tax (VAT) or similar tax associated with any fees and expenses paid by the Fund; and
- 9) the reorganisation or liquidation of the Fund, a Sub-Fund or Share Class.

9.7 Transaction costs

Each Sub-Fund bears the costs and expenses arising from buying and selling portfolio assets and entering into other transactions in securities or other financial instruments, such as brokerage fees and commissions and all other fees, expenses, commissions, charges, premiums and interest paid to banks, brokers, execution agents or securities lending agents and/or incurred in participating in any repurchase, reverse repurchase and securities lending programs, collateral management fees and associated costs and charges, exchange fees, taxes, levies and stamp duties chargeable in connection with transactions in securities or other financial, and any other transaction-related expenses.

9.8 Extraordinary expenses

In order to safeguard the interests of the Fund and its investors, the Fund or any Sub-Fund may bear any extraordinary expenses including, without limitation, expenses related to litigation and regulatory investigations (including penalties, fines, damages and indemnifications) and the full amount of any tax, levy, duty or similar charge imposed on the Fund or Sub-Fund that would not be considered as ordinary Operating and Administrative Expenses.

9.9 Formation expenses

The fees and expenses incurred in connection with the formation of the Fund will be borne by the Fund and may be amortised over a period of up to five (5) years from the date of incorporation of the Fund. The formation expenses of each new Sub-Fund will be borne by such Sub-Fund and may be amortised over a period of up to five (5) years. New Sub-Funds created after the incorporation and launch of the Fund will not participate in the non-amortised formation expenses of the Fund.

9.10 Domiciliary fees

In addition to the fees listed above, the Management Company as a Domiciliary Agent will receive a domiciliation fee of EUR 5,000 per annum to be paid at the level of the Fund and EUR 1,000 per annum to be paid out of the assets of each Sub-Fund.

10. GENERAL INFORMATION

10.1 Reports and financial statements

The financial year of the Fund will begin on 1 January of each year and end on 31 December of the same year. Each year, the Fund will issue an Annual Report as of the end of the previous financial year comprising, *inter alia*, the audited financial statements of the Fund and each Sub-Fund and a report of the Board of Directors on the activities of the Fund. The Fund will also issue a Semi-Annual Report as of 30 June of the current financial year. The first financial year will end on 31 December 2016 and the first Annual Report will be issued as of 31 December 2016.

The Annual Report shall be made available to investors within four (4) months following the end of the reporting period and the Semi-Annual Report will be made available to investors within two (2) months following the end of the reporting period. Investors may obtain, upon request, a copy of the latest financial reports from the Management Company free of charge **and on website.**

The Reference Currency of the Fund is the Euro. The Annual Report will comprise consolidated accounts of the Fund expressed in Euro as well as individual information on each Sub-Fund expressed in the Reference Currency of such Sub-Fund.

10.2 Meetings of shareholders

The annual general meeting of shareholders will be held each year in Luxembourg in order to approve the financial statements of the Fund for the previous financial year. The annual general meeting of shareholders will be held at the registered office of the Fund, or at such alternative location in Luxembourg as may be specified in the convening notice, at 3:30 pm (Luxembourg time) on the last Friday of April or, if such day is not a Business Day, on the next Business Day.

Other general meetings of shareholders may be held at such place and time as indicated in the convening notice in order to decide on any other matters relating to the Fund. General meetings of shareholders of any Sub-Fund or any Share Class within a Sub-Fund may be held at such time and place as indicated in the convening notice in order to decide on any matters which relate exclusively to such Sub-Fund or Share Class.

Notices of all general meetings will be published in the *Mémorial* and a Luxembourg newspaper and sent to all registered shareholders by ordinary mail; alternatively, convening notices will be sent to registered shareholders by registered mail at least eight (8) calendar days prior to the meeting. Convening notices will also be published and/or communicated to investors as required by applicable laws and regulations in other jurisdictions where the Shares are distributed. Notices will include the agenda and will specify the time and place of the meeting, the conditions of admission, and the quorum and voting requirements.

The requirements as to attendance, quorum, and majorities at all general meetings will be those laid down in the Articles of Association and in the 1915 Law. All shareholders may attend general meetings in person or by appointing another person as his proxy in writing or by facsimile, electronic mail or any other similar means of communication accepted by the Fund. A single person may represent several or even all shareholders of the Fund, a Sub-Fund or Share Class. Each Share entitles the shareholder to one (1) vote at all general meetings of shareholders of the Fund, and at all meetings of the Sub-Fund or Share Class concerned to the extent that such Share is a Share of such Sub-Fund or Share Class.

10.3 Investors' rights

Upon the issue of the Shares, the person whose name appears on the register of Shares will become a shareholder of the Fund in relation to the relevant Sub-Fund and Share Class. The Fund draws the investors' attention to the fact that any investor will only be able to fully exercise his investor rights directly against the Fund, notably the right to participate in general shareholders' meetings, if the investor is himself a shareholder of the Fund. In cases where an investor invests in the Fund through an intermediary who invests into the Fund in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain shareholder rights directly against the Fund. Investors are advised to seek advice in relation to their rights.

The Articles of Association are governed by, and construed in accordance with, the laws currently in force in Luxembourg. The Subscription Form is expressed to be governed by, and construed in accordance with, the laws currently in force in Luxembourg, and contains a choice of international competence of the courts of the Grand-Duchy of Luxembourg.

There are no legal instruments in Luxembourg required for the recognition and enforcement of judgments rendered by a Luxembourg court. If a foreign, i.e. non-Luxembourg court, on the basis of mandatory domestic provisions, renders a judgment against the Fund, the rules of the Brussels I Regulation (regarding judgments from EU Member States) or the rules of the Lugano Convention or of the private international law of Luxembourg (regarding judgments from non-EU Member States) concerning the recognition and enforcement of foreign judgments apply. Investors are advised to seek advice, on a case-by-case basis, on the available rules

concerning the recognition and enforcement of judgments.

Absent a direct contractual relationship between the investors and the service providers mentioned in section 6 (Management and Administration) above, the investors will generally have no direct rights against service providers and there are only limited circumstances in which an investor can potentially bring a claim against a service provider. Instead, the proper claimant in an action in respect of which a wrongdoing is alleged to have been committed against the Fund by a service provider is, *prima facie*, the Fund itself.

10.4 Changes to this Prospectus

The Board of Directors, in close cooperation with the Management Company, may from time to time amend this Prospectus to reflect various changes it deems necessary and in the best interest of the Fund, such as implementing changes to laws and regulations, changes to a Sub-Fund's objective and policy or changes to fees and costs charged to a Sub-Fund or Share Class. Any amendment of this Prospectus will require approval by the CSSF prior to taking effect. In accordance with applicable laws and regulations, investors in the Sub-Fund or Share Class will be informed about the changes and, where required, will be given prior notice of any proposed material changes in order for them to request the redemption of their Shares should they disagree.

10.5 Documents available

Investors may, upon request, obtain a copy of the Articles of Association, this Prospectus, the applicable KIID as well as of the latest Annual Report or Semi-Annual Report from the Management Company free of charge.

The Management Company has adopted a "best execution" policy with the objective of obtaining the best possible result for the Fund when executing decisions to deal on behalf of the Fund or placing orders to deal on behalf of the Fund with other entities for execution.

Further information on the best execution policy may be obtained from the Management Company upon request.

The Management Company has a strategy for determining when and how voting rights attached to ownership of a Sub-Fund's investments are to be exercised for the exclusive benefit of the Sub-Fund. A summary of this strategy as well as the details of the actions taken on the basis of this strategy in relation to each Sub-Fund may be obtained from the Management Company upon request.

10.6 Complaints

Any investor having a complaint to make about the operations of the Fund may file a complaint by writing to the Management Company. Details on the complaints handling procedure may be obtained from the Management Company upon request.

10.7 Data protection

Regulation n°2016/679 of 27 April 2016 on the protection of natural persons with regard to the processing of personal data⁴ and on the free movement of such data ("**Data Protection Law**"), the Fund, as data controller, collects, stores and processes, by electronic or other means, the data supplied by investors for the purpose of fulfilling the services required by the investors and complying with its legal and regulatory obligations. The data processed includes in particular the name, contact details (including postal or email address), banking details, invested amount and holdings in the Fund of investors ("**Personal Data**"). The investor may at his/her discretion refuse to communicate Personal Data to the Fund. In this case, however, the

Fund may reject a request for Shares. Each investor has a right to access his/her Personal Data and may ask for Personal Data to be rectified where it is inaccurate or incomplete by writing to the Fund at its registered office.

Personal Data supplied by investors is processed in order to subscribe for Shares in the Fund, for the legitimate interests of the Fund and to comply with the legal obligations imposed on the Fund. In particular, the Personal Data supplied by investors is processed for the purposes of processing subscriptions, redemptions and conversions of Shares and payments of dividends to investors, account administration, client relationship management, performing controls on excessive trading and market timing practices, tax identification as may be required under Luxembourg or foreign laws and regulations (including laws and regulations relating to FATCA or CRS) and compliance with applicable anti-money laundering rules. Data supplied by shareholders is also processed for the purpose of maintaining the register of shareholders of the Fund. In addition, Personal Data may be processed for the purposes of marketing. Each investor has the right to object to the use of its Personal Data for marketing purposes by writing to the Fund.

Investor Information may be disclosed by the Fund, the Management Company, the Administrator or any other agent used by them to external parties such as the Fund's sponsor, the Fund's authorized distributors or as deemed necessary by the Fund, the Management Company, the Administrator or any other agent used by them for the provision of enhanced shareholders' related services and, particularly in the case of Administrator, for the delegation of data processing activities as part of its Administrator duties. The applicant further agrees to Investor Information (subject to the application of local laws and/or regulations) being used outside Luxembourg, and therefore being potentially subject to the scrutiny of regulatory and tax authorities outside Luxembourg. When investor information is transferred to countries which are not deemed as equivalent in terms of Data Protection Law, it is legally required that the Fund, the Management Company, the Administrator or any other agent has recourse to appropriate safeguards. The applicant is informed that the Administrator will in the scope of the delegation of data processing activities as part of its Administrator duties transfer personal data to its affiliate in Malaysia, in which case the appropriate safeguards will consist in the entry into standard contractual clauses approved by the European Commission, of which the applicant may obtain a copy by contacting customerservices@rbc.com

The Personal Data may also be processed by the Fund's data processors (the "**Processors**") which, in the context of the above-mentioned purposes, refer to the Management Company, the Depositary, the Administrator, the portfolio managers, the distributors and the auditor. The Fund may also transfer Personal Data to third- parties such as governmental or regulatory agencies, including tax authorities, in or outside the European Union, in accordance with applicable laws and regulations. In particular, such Personal Data may be disclosed to the Luxembourg tax authorities, which in turn may acting as data controller, disclose the same to foreign tax authorities.

In accordance with the conditions laid down by the Data Protection Law, the investors acknowledge their right to:

- access their Personal Data;
- correct their Personal Data where it is inaccurate or incomplete;
- object to the processing of their Personal Data;
- ask for erasure of their Personal Data;
- ask for Personal Data portability.

The investors may exercise the above rights by writing to the Fund at its registered office.

The investors also acknowledge the existence of their right to lodge a complaint with the National Commission for Data Protection ("**CNPD**") at the following address: 1, avenue du Rock'n'Roll, L-4361 Esch-sur-Alzette, Grand Duchy of Luxembourg.

Personal Data will not be retained for a period longer than necessary for the purpose of the data processing, subject to applicable legal minimum retention periods.

10.8 Merger and reorganisation

10.8.1 Merger of the Fund or a Sub-Fund with other UCITS

In the event that for any reason the net asset value of any Sub-Fund or class of shares has decreased to, or has not reached, an amount determined by the board of directors to be the minimum level for such Sub-Fund or class to be operated in an efficient manner or for any reason determined by the board of directors and disclosed in the Prospectus, the Board of Directors may decide to proceed with a merger (within the meaning of the 2010 Law) of the Fund with one or several other Luxembourg or foreign UCITS or sub-funds thereof. The Board of Directors may also decide to proceed with a merger (within the meaning of the 2010 Law) of one or several Sub-Funds with one or several other Sub-Funds within the Fund, or with one or several other Luxembourg or foreign UCITS or sub-funds thereof. In accordance with the provisions of the 2010 Law, a merger does not require the prior consent of investors except where the Fund is the absorbed entity, which thus ceases to exist as a result of the merger: in such case, the general meeting of shareholders of the Fund must decide on the merger and its effective date. The general meeting will decide by resolution taken with no quorum requirement and adopted by a simple majority of the votes validly cast.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the investors of the Fund or any Sub-Fund, as applicable, may also decide on any of the mergers described above as well as on the effective date thereof by resolution taken by the general meeting of shareholders of the Fund or Sub-Fund. Such decision will be adopted by a simple majority of the votes validly cast with no quorum requirement. The convening notice will explain the reasons for and the process of the proposed merger.

In any case, the merger will be subject to the conditions and procedures imposed by the 2010 Law, in particular concerning the common draft terms of the merger to be established by the Board of Directors and the information to be provided to investors.

10.8.2 Absorption of another UCI by the Fund or a Sub-Fund

Under the same circumstances than the one set forth under paragraph 1 of sub-Section 10.8.1 (Merger of the Fund or a Sub-Fund with other UCITS) here above, the Board of Directors may decide to proceed with the absorption by the Fund or one or several Sub-Funds of one or several sub-funds of another Luxembourg or a foreign UCI (other than a UCITS) irrespective of their form, or any Luxembourg or foreign UCI (other than a UCITS) constituted under a non-corporate form. The exchange ratio between the Shares and the shares or units of the absorbed UCI or sub-funds thereof will be calculated on the basis of the net asset value per share or unit as of the effective date of the absorption.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the investors of the Fund or any Sub-Fund, as applicable, may also decide on any of the absorptions described above as well as on the effective date thereof by resolution taken by the general meeting of shareholders of the Fund or Sub-Fund. Such decision will be adopted by a simple majority of the votes validly cast with no quorum requirement. The convening notice will explain the reasons for and the process of the proposed absorption.

The Fund may absorb another Luxembourg or foreign UCI (other than a UCITS) incorporated under a corporate form in compliance with the 1915 Law and any other applicable laws and regulations.

10.8.3 Reorganisation of Share Classes

The Board of Directors may decide to reorganise Share Classes, as further described below, in the event that, for any reason, the Board of Directors determines that:

- (i) the Net Asset Value of a Share Class has decreased to, or has not reached, the minimum level for that Share Class to be managed and/or administered in an efficient manner;
- (ii) changes in the legal, economic or political environment would justify such reorganisation; or
- (iii) a product rationalisation would justify such reorganisation.

In such a case, the Board of Directors may decide to re-allocate the assets and liabilities of any Share Class to those of one or several other Share Classes, and to re-designate the Shares of the Share Class concerned as Shares of such other Share Class or Share Classes (following a split or consolidation of Shares, if necessary, and the payment to investors of the amount corresponding to any fractional entitlement).

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, investors may also decide on such reorganisation by resolution taken by the general meeting of shareholders of the Share Classes. Such decision will be adopted by a simple majority of the votes validly cast with no quorum requirement. The convening notice will explain the reasons for and the process of the proposed reorganisation.

Investors will be informed of the reorganisation by way of a notice. The notice will be published and/or communicated to investors as required by applicable laws and regulations in Luxembourg and other jurisdictions where the Shares are distributed. The notice will explain the reasons for and the process of the reorganisation.

10.9 Liquidation

10.9.1 Termination and liquidation of Sub-Funds or Share Classes

The Board of Directors may decide to terminate and, to the extent necessary, liquidate any Sub-Fund or Share Class and thereby compulsorily redeem all the remaining Shares of any Sub-Fund or Share Class, if any, in the event that, for any reason, the Board of Directors determines that:

- (i) the Net Asset Value of a Sub-Fund or Share Class has decreased to, or has not reached, the minimum level for that Sub-Fund or Share Class to be managed and/or administered in an efficient manner;
- (ii) changes in the legal, economic or political environment would justify such liquidation; or
- (iii) a product rationalisation would justify such liquidation.

Investors will be informed of the decision to terminate a Sub-Fund or Share Class by way of a notice. The notice will be published and/or communicated to investors as required by applicable laws and regulations in Luxembourg and other jurisdictions where the Shares are distributed. The notice will explain the reasons for and the process of the termination and liquidation.

Notwithstanding the powers conferred on the Board of Directors by the preceding paragraph, the investors of any Sub-Fund or Share Class, as applicable, may also decide on such termination by resolution taken by the general meeting of shareholders of the Sub-Fund or Share Class and have the Fund redeem compulsorily all the Shares of the Sub-Fund or Share Class at the Net Asset Value per Share for the applicable Valuation Day. Such decision will be adopted by a simple majority of the votes validly cast with no quorum requirement. The convening notice will explain the reasons for and the process of the proposed termination and liquidation.

Actual realisation prices of investments, realisation expenses and liquidation costs will be taken into account in calculating the Net Asset Value applicable to the compulsory redemption. Investors in the Sub-Fund or Share Class concerned will generally be authorised to continue requesting the redemption or conversion of their Shares prior to the effective date of the compulsory redemption, unless the Board of Directors determines that it would not be in the best interest of investors in that Sub-Fund or Share Class or could jeopardise the fair treatment of investors.

All Shares redeemed will generally be cancelled. Redemption proceeds which have not been claimed by investors upon the compulsory redemption will be deposited in escrow at the *Caisse de Consignation* in Luxembourg in accordance with applicable laws and regulations. Proceeds not claimed within the statutory period will be forfeited in accordance with applicable laws and regulations.

The termination and liquidation of a Sub-Fund or Share Class will have no influence on the existence of any other Sub-Fund or Share Class. The decision to terminate and liquidate the last Sub-Fund existing in the Fund will result in the dissolution and liquidation of the Fund in accordance with the provisions of the Articles of Association.

10.9.2 Dissolution and liquidation of the Fund

The Fund is incorporated for an unlimited period. It may be dissolved at any time with or without cause by a resolution of the general meeting of shareholders adopted in compliance with applicable laws.

The compulsory dissolution of the Fund may be ordered by Luxembourg competent courts in circumstances provided by the 2010 Law and the 1915 Law.

As soon as the decision to dissolve the Fund is taken, the issue, redemption or conversion of Shares in all Sub-Funds is prohibited. The liquidation will be carried out in accordance with the provisions of the 2010 Law and 1915 Law. Liquidation proceeds which have not been claimed by investors at the time of the closure of the liquidation will be deposited in escrow at the *Caisse de Consignation* in Luxembourg. Proceeds not claimed within the statutory period will be forfeited in accordance with applicable laws and regulations.

11. TAXATION

The following information is of a general nature only and is based on the Board of Directors' understanding of certain aspects of the laws and practice in force in Luxembourg as of the date of this Prospectus. It does not purport to be a comprehensive description of all of the tax considerations that might be relevant to an investment decision. It is included herein solely for preliminary information purposes. It is not intended to be, nor should it be construed to be, legal or tax advice. It is a description of the essential material Luxembourg tax consequences with respect to the Shares and may not include tax considerations that arise from rules of general application or that are generally assumed to be known to shareholders. This summary is based on the laws in force in Luxembourg on the date of this Prospectus and is subject to any change in law that may take effect after such date. Prospective shareholders should consult their professional advisors with respect to particular circumstances, the effects of state, local or foreign laws to which they may be subject and as to their tax position.

Please be also aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax generally encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*), as well as personal income tax (*impôt sur le revenu*). Corporate taxpayers may further be subject to net wealth tax (*impôt sur la fortune*), as well as other duties, levies or taxes. Corporate income tax, municipal business tax, as well as the solidarity surcharge invariably apply to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax, the solidarity surcharge and to a temporary tax (*impôt d'équilibrage budgétaire*). Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Investors should consult their professional advisers on the possible tax and other consequences of their subscribing for, purchasing, holding, selling or redeeming Shares under the laws of their country of incorporation, establishment, citizenship, residence or domicile.

11.1 Taxation of the Fund in Luxembourg

11.1.1 Subscription Tax

The Fund is currently not liable to any Luxembourg tax on profits or income. The Fund is, however, liable in Luxembourg to a subscription tax ("*taxe d'abonnement*") of 0.05% per annum of its Net Asset Value, such tax being payable quarterly on the basis of the value of the aggregate net assets of the Sub-Funds at the end of the relevant calendar quarter.

The rate is however reduced to 0.01% per annum for :

- 1) undertakings whose sole object is the collective investment in Money Market Instruments and the placing of deposits with credit institutions;
- 2) undertakings whose sole object is the collective investment in deposits with credit institutions;
- 3) individual compartments of UCIs with multiple compartments as well as for individual classes of securities issued within a UCI or within a compartment of a UCI with

multiple compartments, provided that the securities of such compartments or classes are reserved to one or more institutional investors.

Are further exempt from the subscription tax:

- 4) the value of the assets represented by units held in other UCIs, provided such units have already been subject to the subscription tax provided for in Article 174 of the 2010 Law or in Article 68 of the law of 13 February 2007 on specialised investment funds;
- 5) UCIs, as well as individual compartments of UCIs with multiple compartments (i) whose securities are reserved for institutional investors, and (ii) whose sole object is the collective investment in Money Market Instruments and the placing of deposits with credit institutions, and (iii) whose weighted residual portfolio maturity does not exceed 90 days, and (iv) that have obtained the highest possible rating from a recognised rating agency;
- 6) UCIs, as well as individual compartments of umbrella funds, whose securities are reserved for (i) institutions for occupational retirement pension or similar investment vehicles, set up on one or more employers' initiative for the benefit of their employees and (ii) companies of one or more employers investing funds they hold, to provide retirement benefits to their employees;
- 7) UCIs as well as individual compartments of UCIs with multiple compartments whose main objective is the investment in microfinance institutions;
- 8) for exchange-traded funds as defined by Article 175 e) of the 2010 Law.

11.1.2 Other Taxes

No stamp duty or other tax is payable at a proportional rate in Luxembourg on the issue of Shares against cash. Any amendment to the Articles is generally subject to a fixed registration duty of seventy-five Euro (EUR 75.-). No Luxembourg tax is payable on the realized capital appreciation of the assets of the Fund.

The Fund is exempt from net wealth tax.

The Fund may be subject to withholding tax on dividends and interest and to tax on capital gains in the country of origin of its investments. As the Fund itself is exempt from income tax, withholding tax levied at source, if any, is not refundable in Luxembourg. It is not certain whether the Fund itself would be able to benefit from Luxembourg's double tax treaties network. Whether the Fund may benefit from a double tax treaty concluded by Luxembourg must be analysed on a case-by-case basis. Indeed, as the Fund is structured as an investment company (as opposed to a mere co-ownership of assets), certain double tax treaties signed by Luxembourg may directly apply to the Fund.

11.1.3 Withholding tax

Under current Luxembourg tax law, there is no withholding tax on any distribution, redemption or payment made by the Fund or its paying agent to the shareholders. There is also no withholding tax on the distribution of liquidation proceeds to the shareholders.

11.1.4 EU Savings Directive

Non-resident shareholders should note that under the Luxembourg laws dated 21 June 2005 implementing the EU Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments, as amended (the "EU Savings Directive") and several agreements concluded between Luxembourg and certain associated or dependant territories of the EU (i.e. Aruba, British Virgin Islands, Curaçao, Guernsey, Isle of Man, Jersey, Montserrat and Sint Maarten – collectively the "Associated Territories"), as amended by the Luxembourg law dated 25 November 2014 (the "Laws"), a Luxembourg paying agent (within the meaning of the EU Savings Directive) is required to provide the Luxembourg tax administration with information on payments of interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual or a residual entity within the meaning of Article 4.2 of the EU Savings Directive (i.e. entities (a) without legal personality (save for (1) a Finnish avoin yhtiö and kommandiittiyhtiö / öppet bolag and kommanditbolag and (2) a Swedish handelsbolag and kommanditbolag) and (b) whose profits are not taxed under the general arrangements for the business taxation and (c) that are not, or have not opted to be considered as, UCITS recognized in accordance with the UCITS Directive – a "Residual Entity") resident or established in a EU Member State other than Luxembourg, or in any of the Associated Territories. The Luxembourg tax administration then communicates such information to the competent authority of such EU Member State or Associated Territory.

The EU Savings Directive has been repealed by Council Directive of 2015/2060 of 10 November 2015 with effect from 1 January 2016. However, for a transitional period, the EU Savings Directive shall continue to apply and notably regarding reporting obligations and scope of information to be provided by the Luxembourg paying agent (within the meaning of the EU Savings Directive) and regarding obligations of the EU Member States in respect of the issuance of the tax residence certificate and elimination of double taxation. As a consequence of the repeal of the EU Savings Directive, the Laws will no longer apply, save for the provisions related to the above mentioned obligations and within the transitional period foreseen by the said Council Directive.

On 9 December 2014, the Council of the European Union adopted Directive 2014/107/EU amending Directive 2011/16/EU of 15 February 2011 on administrative cooperation in the field of taxation, which now provides for an automatic exchange of financial account information between EU Member States ("DAC Directive"), including income categories contained in the EU Savings Directive. The adoption of the aforementioned directive implements the OECD Common Reporting Standard and generalizes the automatic exchange of information within the European Union as of 1 January 2016.

Thus, the measures of cooperation provided by the EU Savings Directive are to be replaced by the implementation of the DAC Directive which is also to prevail in cases of overlap of scope. As Austria has been allowed to start applying the DAC Directive up to one year later than other Member States, special transitional arrangements taking account of this derogation apply to Austria.

In addition, Luxembourg signed the OECD's multilateral competent authority agreement ("Multilateral Agreement") to automatically exchange information under the CRS. Under this Multilateral Agreement, Luxembourg will automatically exchange financial account information with other participating jurisdictions as of 1 January 2016.

The Luxembourg law of 18 December 2015 relating to the automatic exchange of information in tax matters that implements the DAC Directive and the Multilateral Agreement in Luxembourg has been published in the official journal on 24 December 2015 and is effective as from 1 January 2016.

Shareholders should get information about, and where appropriate take advice on, the impact of the changes to the EU Savings Directive, the implementation of the DAC Directive and the Multilateral Agreement in Luxembourg and in their country of residence on their investment.

11.1.5 Value added tax

The Fund is considered in Luxembourg as a taxable person for value added tax ("VAT") purposes without input VAT deduction right. A VAT exemption applies in Luxembourg for services qualifying as fund management services. Other services supplied to the Fund could potentially trigger VAT and require the VAT registration of the Fund in Luxembourg as to self-assess the VAT regarded as due in Luxembourg on taxable services (or goods to some extent) purchased from abroad.

No VAT liability arises in principle in Luxembourg in respect of any payments made by the Fund to its shareholders, to the extent such payments are linked to their subscription to the Fund's Shares and do therefore not constitute the consideration received for taxable services supplied.

11.2 Taxation of shareholders in Luxembourg

11.2.1 Luxembourg tax residency of the shareholders

A shareholder will not become resident, nor be deemed to be resident, in Luxembourg by reason only of the holding and/or disposing of the Shares or the execution, performance or enforcement of his/her rights thereunder.

11.2.2 Income tax

A Luxembourg resident shareholder is not liable to any Luxembourg income tax on reimbursement of share capital previously contributed to the Fund.

a) Luxembourg resident individuals

Dividends and other payments derived from the Shares by a resident individual shareholder, who acts in the course of the management of either his/her private wealth or his/her professional/business activity, are subject to income tax at the ordinary progressive rates.

Capital gains realized upon the disposal of the Shares by a resident individual shareholder, who acts in the course of the management of his/her private wealth, are not subject to income tax, unless said capital gains qualify either as speculative gains or as gains on a substantial participation. Capital gains are deemed to be speculative and are thus subject to income tax at ordinary rates if the shares are disposed of within six (6) months after their acquisition or if their disposal precedes their acquisition. A participation is deemed to be substantial where a resident individual shareholder holds or has held, either alone or together with his spouse or partner and/or minor children, directly or indirectly at any time within the five (5) years preceding the disposal, more than ten percent (10%) of the share capital of the company whose shares are being disposed of. A shareholder is also deemed to alienate a substantial participation if he acquired free of charge, within the five (5) years preceding the transfer, a participation that was constituting a substantial participation in the hands of the alienator (or the alienators in case of successive transfers free of charge within the same five-year period). Capital gains realized on a substantial participation more than six (6) months after the acquisition thereof are taxed according to the half-global rate method (i.e. the average rate applicable to the total income is calculated according to progressive income tax rates and half of the average rate is applied to the capital gains realized on the substantial participation). A disposal may include a sale, an exchange, a contribution or any other kind of alienation of the participation.

Capital gains realized on the disposal of the Shares by a resident individual shareholder, who acts in the course of the management of his/her professional/business activity, are subject to income tax at ordinary rates. Taxable gains are determined as being the difference between the price for which the Shares have been disposed of and the lower of their cost or book value.

b) Luxembourg resident companies

A Luxembourg resident company (*société de capitaux*) must include any profits derived, as well as any gain realized on the sale, disposal or redemption of Shares, in its taxable profits for Luxembourg income tax assessment purposes.

c) Luxembourg residents benefiting from a special tax regime

Shareholders which are Luxembourg resident companies benefiting from a special tax regime, such as (i) UCIs subject to the 2010 Law, (ii) specialized investment funds subject to the amended law of 13 February 2007 and (iii) family wealth management companies governed by the amended law of 11 May 2007, are income tax exempt entities in Luxembourg, and profits derived from the Shares are thus not subject to any Luxembourg income tax.

d) Luxembourg non-resident shareholders

A non-resident shareholder, who has neither a permanent establishment nor a permanent representative in Luxembourg to which or whom the Shares are attributable, is generally not liable to any Luxembourg income tax on income received and capital gains realized upon the sale, disposal or redemption of the Shares.

A non-resident shareholder, who has a permanent establishment or a permanent representative in Luxembourg to which or whom the Shares are attributable, must include any income received, as well as any gain realized on the sale, disposal or redemption of Shares, in its taxable income for Luxembourg tax assessment purposes. The same inclusion applies to an individual, acting in the course of the management of a professional or business undertaking, who has a permanent establishment or a permanent representative in Luxembourg, to which or whom the Shares are attributable. Taxable gains are determined as being the difference between the sale, repurchase or redemption price and the lower of the cost or book value of the Shares sold or redeemed.

11.2.3 Net wealth tax

A Luxembourg resident, or a non-resident who has a permanent establishment or a permanent representative in Luxembourg to which or whom the Shares are attributable, is subject to Luxembourg net wealth tax on such Shares, except if the shareholder is (i) a resident or non-resident individual taxpayer, (ii) an undertaking for collective investment subject to 2010 Law, (iii) a securitization company governed by the amended law of 22 March 2004 on securitization, (iv) a company governed by the amended law of 15 June 2004 on venture capital vehicles, (v) a specialized investment fund governed by the amended law of 13 February 2007, or (vi) a family wealth management company governed by the amended law of 11 May 2007.

11.2.4 Other taxes

Under Luxembourg tax law, where an individual shareholder is a resident of Luxembourg for tax purposes at the time of his/her death, the Shares are included in his or her taxable basis for inheritance tax purposes. On the contrary, no inheritance tax is levied on the transfer of the Shares upon death of a shareholder in cases where the deceased was not a resident of Luxembourg for inheritance purposes at the time of his death.

Gift tax may be due on a gift or donation of the shares, if the gift is recorded in a Luxembourg notarial deed or otherwise registered in Luxembourg.

11.2.5 FACTA

Following the implementation of FATCA provisions, the Fund may face a 30% withholding tax on payments of US source income and proceeds from the sale of property that could give rise to US source interest or dividends when the Fund is not able to satisfy its obligation vis-à-vis the US tax authorities. This ability will depend on each shareholder providing the Fund with the requested necessary information.

A shareholder that fails to comply with such documentation requests may be charged with any taxes imposed on the Fund attributable to such shareholder's non-compliance under the FATCA provisions.

While the Fund will make all reasonable efforts to seek documentation from shareholders to comply with these rules and to allocate any taxes imposed or required to be deducted under these provisions to shareholders whose non-compliance caused the imposition or deduction of the tax, it is unclear at this time whether other complying shareholders may be affected by the presence of such non-complying shareholders.

All prospective investors and shareholders should consult with their own tax advisors regarding the possible implications of FATCA on their investment in the Fund.

12. SUPPLEMENT 1 – EQUILIBRE

1. Launch date

The Sub-Fund was launched on 31/10/2016.

2. Reference Currency

The Reference Currency of the Sub-Fund is EUR.

3. Investment objective and strategy

The investment objective of the Sub-Fund is to seek capital appreciation over the long term through a flexible, active and opportunistic allocation of assets. As a result, the Sub-Fund may adapt its offensive investment strategy based on market conditions and opportunities alternatively adopt an offensive or defensive investment strategy based on market conditions and opportunities.

The Sub-Fund's investments will be determined on a discretionary basis, using both a technical and a "top-down" analysis of the markets and will not be constrained by any geographical, sectorial or currency limitations.

The Sub-Fund is actively managed. It is not managed in reference to a benchmark.

No assurance can be given that the Sub-Fund's investment objective will be achieved and investment results may vary substantially over time. No assurance can be given that the Sub-Fund will not incur investment losses.

4. Investment policy and specific restrictions

In order to achieve its investment objective, the Sub-Fund will invest principally in Investment Funds investing, through different types of strategies, in equity and equity related securities, debt instruments, currencies and Money-Market Instruments depending on market opportunities and conditions. Through its investment in Investment Funds, the Sub-Fund may, to a limited extent, obtain indirect exposure to derivatives, structured products, including asset backed securities, or non-traditional eligible strategies or asset classes. In any event, the Sub-Fund will not invest, whether directly or indirectly, more than 60% of its net assets in equity and equity related securities.

Depending on market conditions and opportunities, the Sub-Fund may hold up to 20% of its net assets in Ancillary Liquid Assets in accordance Section 4.1.3 of Chapter 4. Investment Strategy and Restrictions of this Prospectus. The Sub-Fund may also invest, on an ancillary basis, directly in Money-Market Instruments to manage its liquidity.

The Sub-Fund will not directly invest in financial derivative instruments, whether for hedging or investment purposes, nor will it enter in any efficient portfolio management technique.

5. Investor profile

The Sub-Fund is intended for retail and institutional investors seeking capital appreciation over the long term and, as such, capable of setting aside their capital for at least 5 years after their initial investment.

6. Specific risks

Investors should carefully read section 5 (General Risk Factors) of the Prospectus before investing in the Sub-Fund. Investors should also consider the following additional risks which are specific to the Sub-Fund.

6.1 Investment in units or shares of UCIs or UCITS

When the Sub-Fund invests in Investment Funds, there may be additional costs of investing in such Investment Funds such as a duplication of fees and commissions.

Indeed, in investing in shares of the Sub-Fund which in turn may invest in securities issued by Investment Funds, investors may incur the costs of two forms of investment management services, the fees and expenses paid by the Sub-Fund to its service providers, and the fees and expenses paid by the Investment Funds to their service providers and investment managers, which may constitute in aggregate higher fees and expenses than if the Sub-Fund had invested directly in the underlying assets these Investment Funds invests in.

Furthermore, shareholders' attention is drawn to the fact that the ability of the Sub-Fund to achieve its investment objective will be directly related to the ability of such Investment Funds to meet their own investment objectives. Similarly, the Sub-Fund, when investing in Investment Funds, will be exposed to the risks to which those Investment Funds are exposed. These risks may include liquidity risk where the ability of the Sub-Fund to meet the liquidity requirements of its investment is directly dependent on the ability of the Investment Funds to meet their own liquidity requirements.

7. Global exposure

The global exposure of the Sub-Fund is calculated and monitored under the commitment approach. The global exposure of the Sub-Fund may not exceed its Net Asset Value.

8. Valuation

Each Business Day is a Valuation Day. The Net Asset Value per Share will be calculated as of 12 pm CET on each Valuation Day. With respect to this Sub-Fund, a Business Day is any day which is defined as a Business Day in the Prospectus.

9. Subscriptions

Each Valuation Day is a Subscription Day. The Cut-Off Time for subscription applications is 3.00 pm CET 1 Business Day prior to the Subscription Day. Subscription applications must be settled by the end of the Subscription Settlement Period, which is 3 Business Days following the Subscription Day.

10. Redemptions

Each Valuation Day is a Redemption Day. The Cut-Off Time for redemption applications is 3.00 pm CET 1 Business Day prior to the Redemption Day. Redemption applications will normally be settled by the end of the Redemption Settlement Period, which is 3 Business Days following the Redemption Day.

11. Share Classes

The table below list all Share Classes established within the Sub-Fund. Certain Share Classes may currently not be active or may be unavailable to investors in certain jurisdictions. The list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Management Company or the Administrator upon request.

Share Class name	Retail - EUR	Retail - USD	Institutional - EUR	Institutional - USD	Class L - EUR	Clean Share – EUR
Reference Currency	EUR	USD	EUR	USD	EUR	EUR
Targeted investors	Retail investors	Retail investors	Institutional investors	Institutional investors	Institutional investors	Institutional investors
Distribution (D) or Capitalisation (C)	C	C	C	C	C	C
Minimum Subscription	100 EUR	100 USD	500.000 EUR	500.000 USD	25.000 EUR	100 EUR
Maximum Subscription Fee	3%	3%	3%	3%	3%	3%
Maximum Redemption Fee	N/A	N/A	N/A	N/A	N/A	N/A
Management Fee	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000
Investment Management Fee	up to 2%	up to 2%	up to 1,2%	up to 1.2%	up to 1.2%	up to 1.5%
Investment management fees of underlying Investment Funds	Max 2%	Max 2%	Max 2%	Max 2%	Max 2%	Max 2%

13. SUPPLEMENT 2 – DYNAMIC

1. Launch date

The Sub-Fund will become active as of the first subscription in any of its class listed under item 11 of this Supplement, or as of any other date as may be decided by the Board.

2. Reference Currency

The Reference Currency of the Sub-Fund is EUR.

3. Investment objective and strategy

The investment objective of the Sub-Fund is to seek capital appreciation over the long term through a flexible, active and opportunistic allocation of assets.

The Sub-Fund's investments will consist in a selection of international equities, investment funds, currencies and money market instrument in varying proportions depending on market opportunities.

The Sub-Fund allocation will be based on a highly disciplined stock-picking approach after fundamental and qualitative multiple-criteria analysis. The investments will not be constraints by any sectorial or currency limitations.

The Sub-Fund is actively managed. It is not managed in reference to a benchmark.

No assurance can be given that the Sub-Fund's investment objective will be achieved and investment results may vary substantially over time. No assurance can be given that the Sub-Fund will not incur investment losses.

4. Investment policy and specific restrictions

In order to achieve its investment objective, a minimum of 75 % of the assets of the Sub-Fund will be invested directly or indirectly through UCITS and/or UCIs within the meaning of Article 41(1) (e) of the 2010 Law in equities.

Up to 10% of the assets of the Sub-Fund will be invested directly or indirectly through UCITS and/or UCIs within the meaning of Article 41(1) (e) of the 2010 Law in bonds issued by government bond issuers, quasi-government issuers, government agencies and private issuers from developing or emerging market countries.

The Sub-Fund may also be exposed to foreign currencies in part by investing in securities and by holding cash on current accounts denominated in the following currencies: USD, GBP, CHF, NOK, SEK.

The exposure of the Sub-Fund to GBP, CHF, NOK and SEK denominated current accounts, may not exceed 5% in each such currencies. The exposure of the Sub-Fund to USD denominated current accounts, as well as to USD forward contracts, may not exceed 30%.

USD forward contracts will only be entered into for hedging purposes.

The portfolio will be composed of a limited selection of securities that, in the opinion of the manager, have the most favourable outlook. The Sub-Fund will hold a diversified portfolio, composed of securities issued by listed companies.

Depending on market conditions and opportunities, the Sub-Fund may hold Money Market Instruments and up to 20% in Ancillary Liquid Assets in accordance Section 4.1.3 of Chapter 4. Investment Strategy and Restrictions of this Prospectus.

5. Performance Fee

Considering that the objective of the Sub-Fund is to seek capital appreciation over a long term period and considering that the Sub-Fund is not managed in reference to a benchmark, the Sub-Fund's performance is calculated using a high-water mark model. The use of this high-water mark model is a fair and appropriate methodology for this Sub-Fund, that enables to align the interests of the shareholders and of the Management Company, acting as investment manager.

Performance Fee may only be charged on the basis of achieving a new High-Water Mark, as defined below, during the Performance Fee calculation period.

The performance reference period is equal to the whole life of the Sub-Fund and it cannot be reset. In this model, performance fees cannot be accrued or paid more than once for the same level of performance over the whole life of the Sub-Fund.

The Management Company, acting as investment manager, is entitled to receive a performance fee of 10% of the outperformance of the Net Asset Value per Share compared to the High-Water Mark.

The high-water mark is the highest Net Asset Value per Share at the end of a Performance Fee calculation period after which a Performance Fee was paid (the "**High-Water Mark**" or "**HWM**"). Unless otherwise stated, the initial High-Water Mark is the launch price of any Share.

The Sub-Fund's out-/underperformance over a financial year is computed as follows:
Net Asset Value per Share at the end of the relevant financial year minus the High-Water Mark per Share.

When such amount is positive, it is referred to as outperformance and when it is negative or null, it is referred to as underperformance.

The Performance Fee calculation period is the financial year. The Performance Fee is equal to 10% of the outperformance. The outperformance is the Sub-Fund's performance over the financial year compared to the High-Water Mark, expressed as a percentage.

The amount per Share to be retained for the Performance Fee is calculated as follows:

Outperformance per Share * 10%

If a share is redeemed during a Performance Fee calculation period and prior to the end of the Performance Fee calculation period, the Performance Fee amount calculated in respect of such share as at the valuation day as of which such share is redeemed shall be crystallised and become payable to the Management Company on the next following Performance Fee payment date following such redemption.

In case of liquidation/merger of funds, Performance Fees, if any, should crystallise in due proportions on the date of the liquidation/merger. In case of merger of funds, the crystallization of the Performance Fees of the merging fund should be authorized subject to the best interest of investors of both the merging and the receiving fund.

The Net Asset Value of the Sub-Fund will be adjusted to take into account any subscriptions and redemptions.

The Performance Fee is calculated net of all costs. It is calculated and accrued at each Net Asset Value calculation. It will be crystallized at the end of the financial year and paid shortly after the end of each financial year of the Fund.

In case of creation of a new share Class in the course of the financial year, Performance Fee for this new Share Class cannot crystallize after less than 12 months from the date of creation of such new Share Class. Moreover, the crystallization date should be the same as for the existing Share Classes.

Examples: Management Company earns 10% of the outperformance.

In the following examples, "NAV" shall mean the Net Asset Value per Share.

First NAV per Share & Latest High-Water Mark:

NAV per Share: 100 €
High-Water Mark: 100€
Outstanding share: 1

Last NAV of the year 1 **outperforms** the High-Water Mark:

Last NAV of the year 1: 110€ (New High-Water Mark)
Last NAV of the previous year: 100€ (Previous High-Water Mark)
Outperformance in %: $(110€ / 100€) - 1 = 10\%$
Outperformance in €: $110€ - 100 € = 10 €$
The Management Company earns 10% of this outperformance.
Performance Fee due per outstanding share on this year: $10\% * ((100€ * 10\%) = 1€$ **or** $10\% * (110€ - 100 €) = 1€$

Last NAV of the year 2 **underperforms** the High-Water Mark:

Last NAV of the year 2: 105€
High Water Mark: 110€
The Management Company does not earn a performance fee.

Last NAV of the year 3 **equals** the High-Water Mark:

Last NAV of the year 3: 110€
High-Water Mark: 110€
The Management Company does not earn a performance fee.

Last NAV of the year 4 **outperforms** the High Water Mark :

Last NAV of the year 4: 116€
High-Water Mark: 110€
Outperformance in %: $(116€ / 110€) - 1 = 5.5\%$
Outperformance in €: $116€ - 110 € = 6 €$
The Management Company earns 10% of this outperformance. Performance Fee due per outstanding share on this year: $10\% * ((110€ * 5.5\%) = 0.6€$ **or** $10\% * (116€ - 110 €) = 0.6€$

Summary of the above examples:

Financial Year	NAV per share in € at the end of the Financial Year	HWM in €		Outperformance in %	Outperformance in €	Performance Fee paid in € per outstanding share
Previous year	100	100		N/A	N/A	N/A
Year 1	110	100		10.0%	10.0	1.0
Year 2	105	110		-4.5%	0.0	0.0
Year 3	110	110		0.0%	0.0	0.0
Year 4	116	110		5.5%	6.0	0.6

6. Investor profile

The Sub-Fund is intended for retail and institutional investors seeking capital appreciation over the long term and, as such, capable of setting aside their capital for at least 5 years after their initial investment.

7. Specific risks

Investors should carefully read section 5 (General Risk Factors) of the Prospectus before investing in the Sub-Fund. Investors should also consider the following additional risks which are specific to the Sub-Fund.

6.1. Investment in units or shares of UCIs or UCITS

In investing in shares of the Sub-Fund which in turn may invest in securities issued by investment funds, investors may incur the costs of two forms of investment management services, the fees and expenses paid by the Sub-Fund to its service providers, and the fees and expenses paid by the investment funds to their service providers and investment managers, which may constitute in aggregate higher fees and expenses than if the Sub-Fund had invested directly in the underlying assets these Investment Funds invests in.

Furthermore, shareholders' attention is drawn to the fact that the ability of the Sub-Fund to achieve its investment objective will be directly related to the ability of such investment funds to meet their own investment objectives. Similarly, the Sub-Fund, when investing in investment funds, will be exposed to the risks to which those investment funds are exposed. These risks may include liquidity risk where the ability of the Sub-Fund to meet the liquidity requirements of its investment is directly dependent on the ability of the investment funds to meet their own liquidity requirements.

8. Global exposure

The global exposure of the Sub-Fund is calculated and monitored under the commitment approach. The global exposure of the Sub-Fund may not exceed its Net Asset Value.

9. Valuation

Each Business Day is a Valuation Day. The Net Asset Value per Share will be calculated as of 12 pm CET on each Valuation Day. With respect to this Sub-Fund, a Business Day is any day which is defined as a Business Day in the Prospectus.

10. Subscriptions

Each Valuation Day is a Subscription Day. The Cut-Off Time for subscription applications is 3.00 pm CET 1 Business Day prior to the Subscription Day. Subscription applications must be settled by the end of the Subscription Settlement Period, which is 3 Business Days following the Subscription Day.

11. Redemptions

Each Valuation Day is a Redemption Day. The Cut-Off Time for redemption applications is 3.00 pm CET 1 Business Day prior to the Redemption Day. Redemption applications will normally be settled by the end of the Redemption Settlement Period, which is 3 Business Days following the Redemption Day.

12. Share Classes

The table below list all Share Classes established within the Sub-Fund. Certain Share Classes may currently not be active or may be unavailable to investors in certain jurisdictions. The list of active Share Classes currently available for subscription in each jurisdiction may be obtained from the Management Company or the Administrator upon request.

Share Class name	Retail - EUR	Clean Share– EUR	Institutional - EUR	Retail - USD	Institutional - USD	Class L - EUR
Reference Currency	EUR	EUR	EUR	USD	USD	EUR
Targeted investors	Retail investors	Institutional investors	Institutional investors	Retail investors	Institutional investors	Institutional investors
Distribution (D) or Capitalisation (C)	C	C	C	C	C	C
Minimum Subscription	100 EUR	100 EUR	500.000 EUR	100 USD	500.000 USD	25,000 EUR
Maximum Subscription Fee	3%	3%	3%	3%	3%	3%
Maximum Redemption Fee	N/A	N/A	N/A	N/A	N/A	N/A
Management Fee	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000	Up to 0.75% of the Net Asset Value of the Sub-Fund subject to a minimum fee per year of EUR 17,000

Investment Management Fee	up to 2%	up to 1.5%	up to 1,2%	up to 2%	up to 1,2%	up to 1,2%
Investment management fees of underlying Investment Funds	Max 2%	Max 2%	Max 2%	Max 2%	Max 2%	Max 2%
Performance fee	10%	10%	10%	10%	10%	10%
